Road Boss Backs Into Path of Bus

Highways department foreman Frank Bowes, 41, of 4510 Fachen, working by the roadside at Douglas and Tolmie, apparently stepped back into the path of an airline bus at 11 a.m. yesterday. Suffering face, head and neck injuries, he was rushed to St. Joseph's, where last evening he was reported "resting comfortably."

Herter Snaps

Red's Face Red

GENEVA (UPI) — U.S. State Secretary Christian Herter yesterday publicly rebuked the foreign minister of Communist East Germany to his face at a formal session of the East-West foreign ministers' conference that left both sides stalemated on Berlin.

Herter was joined by West German adviser, Ambassador Wilhelm Grewe, who accused the East Germans of "mud-slinging." The West threatened to introduce tape recordings of East German intrigues unless the denunciations stopped.

TOLD OFF
East German Foreign Minister Lothar Bolz, an adviser, offered an East German guarantee of "inviolability" to a "free city" of West Berlin if Allied troops pulled out.

Herter advised Bolz to read up on history before "proposing to instruct the Western powers regarding their rights in Berlin."

It was the first blunt Western attack on the East German delegation, and Bolz turned beet red.

SOVIET PROPOSALS
Russia Tuesday presented its already-known "alternative" proposals for Berlin, which would permit token Western and Russian forces in a "de-militarized" free city of West Berlin.

The West is firmly opposed to having any Soviet troops in the city, even as "token" forces.

NOT CORRECT
Gromyko said the Western powers considered the Soviets' "free city" proposal for West Berlin as a threat to their rights.

"But this interpretation is not correct," he declared. "We do not consider that the troops of the United States, Britain and France turned out to be in Berlin in some unlawful way. **'OUTDATED'**

The necessity to change the present situation in West Berlin is determined not by validity or invalidity of the Allied documents of 1944-45 relating to the occupation of Berlin but by the fact that the occupation itself has long become outdated, has assumed an artificial character and is in many ways poisoning the relations."

Nicaragua Somoza Cuts Imports

MANAGUA, Nicaragua (AP) — President Luis Somoza Tuesday suspended all import licences in an economic move against his enemies in Nicaragua's business community. The military situation in this last Central American dictatorship was obscure.

Somoza's troops, one of the major sources of the 37-year-old president's power, were hunting down a small group of invaders who returned from exile in two separate planes from neighboring Costa Rica Sunday and Monday.

Somoza said the invaders will be wiped out soon.

DON'T FORGET TAXPAYERS MUNICIPAL LEADERS TOLD

Firemen, Workers Battle Stubborn Shingle Blaze

Damage caused by this fire at Smith Cedar Products Ltd. last night resulted in an immediate two-week shut-down of the plant, putting 75 men out of work. Damage is expected to total thousands

of dollars, but accurate estimates could not be immediately determined.—(Colonist photo.)

★ ★ ★
Damage: 'Thousands'

Dry Kiln Fire Will Idle 75

Fire which swept through a shingle drying kiln at Smith Cedar Products Ltd., 651 Harbour Road, at 5:45 last night, caused a layoff of 75 employees for at least two weeks while damage is repaired.

Plant superintendent Douglas Blackstock said "it will be shut down indefinitely." He thought it would be "at least a couple of weeks" before the plant reopens.

NO ESTIMATE
He said damage from the fire will run into thousands of dollars, but the exact amount won't be known until the kiln is examined today and the number of cedar shingle bundles lost in the blaze is determined.

Firemen fought the smouldering blaze for four hours before finishing it off. They were delayed in reaching the heart of the fire by the long, narrow kiln's unusual structure of six-inch-thick roof and walls made up of two-by-six-inch boards placed side by side.

THROUGH ROOF

Flames crept between the two-by-sixes and firemen had to chop through at least one-third of the roof's 200-foot length to extinguish the many break-throughs.

An employee who was in a higher part of the mill when the fire started said, "We looked down and saw flames coming out the roof, then the fire alarm sounded and the automatic sprinkler system went on."

GRABBED HOSES

Weslie Papke who was working on the "green" (where unseasoned lumber goes in) end of the kiln said: "We ran out and grabbed the hoses. We opened the sliding door on the CNR loading platform and had pulled out the first burning truckload of

flames. We were away off in our budget for advertising. We took a calculated risk that didn't pay off."

\$200,000 Loss

Drifter Burns New School

REVELSTOKE, B.C. (UPI)—Fire destroyed the \$200,000 junior high school here Tuesday.

The fire, believed to have been started about 5:30 a.m. by a transient's cigarette, had a good hold on the interior of the brick building when volunteer firemen reached the scene.

They battled the blaze for six hours and only the brick shell remained when the fire was brought under control.

Fire Chief Sam Needham said the door of the school had been pried open and he believed a transient had broken into the building. He said the fire started in the main hall. He did not believe the blaze had been started intentionally.

The blaze left 250 children without classrooms. Arrangements are being made to use the civic auditorium and the auditorium of the elementary school to accommodate the junior high school students.

Chinese A-Bomb Blast Now Possible, U.S. Told

WASHINGTON (UPI)—Chairman Hubert H. Humphrey of the Senate disarmament sub-committee said yesterday he had information from a high scientific source that Red China could explode an atom bomb, possibly this fall.

However Sen. Henry M. Jackson said he did not believe the Chinese could scrape together enough atomic explosives.

Other atomic experts said Russia might be trying to panic the West.

Bide Your Time Diefenbaker Urges

NORTH BAY, Ont. (CP)—Prime Minister Diefenbaker indicated to Canada's municipal leaders Tuesday night they will have to bide their time in their search for increased financial aid from the central government.

"We all realize that there is only one taxpayer—the public—that no advancement can be

(See earlier stories, Page 23.)

made in this country except through taxation and only one person pays for these things," he said.

ALL HAVE PROBLEMS

"All of us have problems. You in the municipal field find yourselves in that paradoxical situation . . . of finding ways of meeting financial responsibilities that could not have been contemplated 20 years ago."

The prime minister said the problems of municipalities become ever greater, and he outlined federal projects such as the winter works incentive program, welfare and housing assistance being given them by the federal government.

NO NEW MEASURES

But he announced no new measures for federal assistance.

He said he knows and recognizes their difficulties, "with their increased borrowings and increased interest rates, but a heavy share of the same burden has fallen on the federal government."

PACKED ARENA

Mr. Diefenbaker addressed a packed Memorial Arena audience here where the Canadian Federation of Mayors and municipalities is holding its annual convention.

He said the entire fiscal problem of all levels of government will be studied at the July 6 Ottawa conference of federal and provincial finance ministers.

"In these discussions the provinces will naturally present the municipalities' viewpoint," he said.

OUT OF DEBT

The federation has long sought the convening of a federal-provincial-municipal conference. President H. G. R. Mews, mayor of St. John's, Nfld., said earlier in the convention such a conference must be called soon if municipalities are to begin climbing out of debt and meeting growing demands for services.

They battled the blaze for six hours and only the brick shell remained when the fire was brought under control.

Fire Chief Sam Needham said the door of the school had been pried open and he believed a transient had broken into the building. He said the fire started in the main hall. He did not believe the blaze had been started intentionally.

The blaze left 250 children without classrooms. Arrangements are being made to use the civic auditorium and the auditorium of the elementary school to accommodate the junior high school students.

Job Insurance Battle

Opposition Raps

Tory 'Steamroller'

A 19-foot white cabin cruiser with flying bridge and powered by a 50-horsepower outboard engine, total value \$4,200, has been reported missing, from its anchorage off the foot of Duart Road, Saanich, since yesterday afternoon.

Owner William McBay, 4555 Duart, said the culprit would not get far if the boat was stolen because of a leaking hose in the cooling system which sprays enough salt water to short out the spark plugs after an hour's operation.

Cruiser Missing

A 19-foot white cabin cruiser with flying bridge and powered by a 50-horsepower outboard engine, total value \$4,200, has been reported missing, from its anchorage off the foot of Duart Road, Saanich, since yesterday afternoon.

Owner William McBay, 4555 Duart, said the culprit would not get far if the boat was stolen because of a leaking hose in the cooling system which sprays enough salt water to short out the spark plugs after an hour's operation.

Singapore Attains Freedom

SINGAPORE (Reuters)—After 140 years British colonial rule ended here yesterday.

The island fortress of Singapore at midnight became an independent state in the British Commonwealth.

British officials now will leave the government and only defence and foreign affairs will remain in British hands.

ALL ABOARD

With G. E. Mortimore

ONE of the safest places of refuge from atomic attack is the British Columbia penitentiary. Bill Blair points out this fact in the latest issue of *Transition*, the penitentiary inmates' magazine.

"A group of British scientists . . . found that heavy reinforced concrete walls afford the greatest protection, not only against atom and/or hydrogen bomb blasts, but also against initial radioactivity and fallout."

"Thus it would appear that we of the formerly unenviable fraternity now have something the public wants—a solid reinforced concrete home, floors, wall and roof—with individual rooms and running water, the whole of which is surrounded by the thickest, highest, deepest doggone reinforced concrete wall available in the whole of western Canada."

"When the full impact of this information is absorbed by the general public, the accommodation at this establishment is going to be at a premium . . ."

Don't let them throw you out into the war-threatened world, Mr. Blair warns his fellow-inmates, with tongue in cheek.

"No matter what the pretext, remember it is all just a ruse to secure your premium-priced, bomb-proof home."

Japanese trinket-makers, sensing an increase in public goodwill toward our Indians, have decided to cash in on the trend. They have flooded the country with gimmerack wares bearing Indian-style designs.

Some of these plastic totem poles, tin bracelets and china masks actually bear the names of B.C. native tribes and communities of this province.

Since our civilization, and this community in particular, so much admires objects that are mass-produced and phoney, I am not surprised that native handicrafts are being elbowed off the market by imported junk.

Nearly everything in this country has been copied from somewhere else. Indian handicrafts grew up in B.C. Now, having elbowed aside the first inhabitants of this place, we stand by applauding, while foreign nationals take over and debauch Indian art and legend.

The government would be well advised to put a tariff of several thousand per cent on imported objects that masquerade as native handicrafts—or prohibit their entrance altogether.

Courtroom Parade**Fines Pile Up to \$165 For Guilty Driver**

A young Victorian was fined a total of \$165 in Saanich police court yesterday as the result of a single accident.

Antonius M. Van Egmond, 2520 Prior, was fined \$40 for careless driving; \$25 for driving without a driver's licence, and \$100 for making a false report to police. He pleaded guilty to all three.

Arena Getting Thorough Check

A thorough check on the condition of the Memorial Arena has been started by city engineer James C. Garnett.

The arena commission has asked city council for authority to spend up to \$1,500 from arena reserve funds to complete the survey of floor pipes, ceiling acoustic boards, cracks in supporting columns, and parking facilities.

Life in Moscow**Can't Hire Servant Without TV****Five Minor Tableaux: Warming to Chilling**

Noted Canadian author, newspaperman, television personality, and winner of two Governor-General's awards for writing, Pierre Berton recently visited Russia to seek out the unusual. This is the fourth of his reports on "Life in Moscow."

Some odd scenes stand out from this fast, breathless journey to the Soviet. They are only minor tableaux, fleeting entr'acts between the main spectacles, but I have a suspicion I will remember them long after the larger drama has been blurred.

There was, for instance, a very dramatic little scene with two of the spivs I mentioned yesterday. We had all reconvened, by appointment, because somebody I knew wanted to buy an ikon and insisted I take him to my illegal acquaintances. There was the usual furtive bustling about in a taxi which simply drove aimlessly about the city while the transaction was completed.

But at one point we pulled up to a stop light and another car with four men in it pulled up beside us.

"This is interesting for you," one of the black market youths said casually. "Those are the police."

I asked him how he knew that.

SPECIAL LICENCE

"First," he said, "because of the numbers on their licence which is a special one; secondly, because whenever four men travel together in a car they are likely to be police; thirdly—well, just take a look at them! How could they be anything else?"

I looked out at four of the ugliest, swarthiest, darkest-browed men I had ever seen. They glowered at us and we stared stonily back, and then the lights changed and we went our separate ways, and the famous secret police (if such they were) did not seem quite so secret after all.

UNLIKELY SCENE

The most unlikely scene took place in a GUM department store. I talked there to one of the employees who speaks English and for some reason the conversation got on to the servant problem.

"The troubles we have getting servants are unbelievable," the woman told me. "Why, the first thing they ask is: 'Have you got TV?' and then, would you believe it, they wish to know what kind of TV it is! And then they ask: 'How much do I get? How long must I stay?'"

So much for the classless society.

HEART-WARMING

The most heart-warming scene took place at the finale of the big American Holiday on Ice show which has been.

Const. Ronald Bentley told Magistrate William Ostler he was sitting on his motorcycle at Tolmie and Douglas at about 10:50 p.m. Monday when he saw a car drive past, south, at speed he estimated at 80 miles an hour.

The officer gave chase, paced the car at speeds up to 85 miles an hour and finally stopped Belobaba in the car at the Fountain Circle.

Atker Trones, 534 Tait, passing vehicle stopped at crosswalk, \$15.

CITY

Bernard P. Gibbons, North Vancouver, careless driving, \$50 and licence suspended for one month.

Kenneth N. Kerr, 3332 Doncaster, careless driving, \$35.

John Campbell McKain, 923 McLure, careless driving, \$40.

Jack Vernon McBeay, 612 Boleskine, careless driving, \$40.

John Frederick Erickson, 1427 Edgeware, driving while under suspension, \$75; failing to remain at accident scene, \$50.

Patricia Mae Hitchcox, Brentwood, no driver's licence, \$25.

John Frederick Erickson, 1427 Edgeware, driving while under suspension, \$75; failing to remain at accident scene, \$50.

Edward Tobias Conery, West Saanich Road, was fined a total of \$110 in Sidney police court when he appeared on charges of operating an overloaded truck and carrying a load beyond the maximum height.

The truck, carrying a load of logs, was driven by Alfred Leroy de Duncan who was fined \$10 for driving a truck with load over the maximum height.

Court was told it was Conery's second offence in two months. The load was 16 tons overweight and four feet above the maximum height.

The Kara Sea, an inlet of the Arctic Ocean in northeast Russia, is icebound for 10 months of the year.

Lenin-Stalin Mausoleum in Red Square

anybody, but an undertaker going back a second time.

The faces of the two Soviet leaders are as white as wax, but I cannot believe they are Madame Tyssaud figures; they look too real for that. The line shuffles in the chill gloom of the underground crypt (it is almost zero), and there is no emotion or passion on the faces of those who gaze on death.

The most chilling scene took place in the famous ornate Moscow subway. There is no point in describing this in detail either, since everybody

has been doing it for 20 years. Even then, it has to be seen to be believed.

CONDUCTED TOUR

I was taken on a conducted tour of the subway.

Our two guides, provided by Intourist, were obviously proud of the ceiling mosaics, describing each in detail, lingering

over the scene showing Stalin and his associates watching the Victory Parade in Red Square.

And this was why the scene was chilling, for between the men assembled on the balcony there were several gaps and when I looked carefully I

could see that in these gaps fresh mosaics had been laid.

But the outlines of six missing figures were still clearly visible. Who were they? "I have forgotten," said the tourist guide. "Beria was one, certainly."

They had been rubbed out in more ways than one.

Space Monkey Dies Suddenly In Operation

WASHINGTON (AP)—Able, one of the little space-pioneering monkeys, is dead.

Her death came Monday during an operation for removal of part of recording instrument used in her historic rocket journey.

The U.S. Army said death was not due to effects of the space flight. It said that during administration of an anaesthetic Able's heart muscles began quivering.

HISTORIC FLIGHT

Able, with her female companion monkey, Baker, rode a Jupiter missile 300 miles above the earth at 10,000 miles an hour on a 1,500-mile flight Thursday.

Baker, smaller of the two, a one-pound squirrel monkey, survived a similar operation late Tuesday. She is reported in good condition.

MINOR INFECTION

The army said a minor local infection developed under Able's skin surface where the scientists had planted an electrode—a device to which measuring instruments could be attached.

It was decided to remove the electrode, but during administration of the anaesthetic Able suddenly developed a quivering of the heart.

NOTHING WORKED

Despite immediate application of oxygen and artificial respiration, then electroshock and cardiac massage, Able died.

Cause of death was felt to be ventricular fibrillation, precipitated by anaesthesia.

Canadian Firemen Fight U.S. Blaze

LADNER (CP)—Canadian firemen fought an American fire which razed a well-known Point Roberts landmark during the weekend.

Ladner fire department helped the Point Roberts fire department quell a blaze started at the Alaska Packers' Association fish cannery, about six miles south of the international border.

Bonner to Probe 'Pay-for-Jobs' Racket Charge

Attorney-General Robert Bonner said Tuesday he has moved to investigate charges by the International Union of Mine, Mill and Smelter Workers that a job-payment racket is prevalent in the Canadian northwest.

Mr. Bonner said he had received a letter from the union charging that the racket apparently was being conducted from Edmonton on jobs available in northwestern B.C.

But the letter "didn't name names and I am writing the union for further information before making enquiries of the Alberta government," he said.

Immigrants are reportedly paying up to \$150 for jobs.

YOUR CHILD MAY HAVE WORMS

I OUT OF 3 DOES!
Fidgeting, nose-picking and a torturing habit are often the tell-tale signs of Pin-Worms and Round-Worms... ugly parasites that medical experts say infest one out of every three children in Canada. Entire families may be victims and not know it.

To get rid of these ugly pests, they must be eliminated in the intestines where they live and multiply. And clinical tests have proved that JAYNE'S LIQUID VERMIFUGE kills Pin-Worms and Round-Worms quickly and easily. Then they are expelled from the system in a normal manner and there is no danger of re-infection.

JAYNE'S LIQUID VERMIFUGE has a pleasant, fruity taste. Children like it and it is safe or free.

Remember, Pin-Worms and Round-Worms are highly contagious and can spread through the whole family.

So if the first sign of worms, be sure to ask your druggist for JAYNE'S LIQUID VERMIFUGE.

Illness Baffling as His Plots

Sax Rohmer Dies

LONDON (AP)—Mystery writer Sax Rohmer, creator of the sinister Dr. Fu Manchu, died Monday night of an illness as baffling as one of his own thrillers.

The end came at a London hospital where he had been under treatment for weeks. He had been unconscious for four days.

Last month his wife told a reporter: "He is suffering from a mysterious something which is almost like the things he wrote about."

Nobody knew how old Rohmer was—not even his widow, Elizabeth. Also a mystery was his birthplace, except that it

was somewhere in the English Midlands. He was believed by friends to be around 72 or 73. Rohmer, who in recent years had lived in New York, came to England with his wife several months ago for a vacation. He was ill upon arrival, and his condition steadily worsened.

The creator of the most noted villain in modern thriller annals was born Arthur Sarsfield Ward.

Slow and Uncertain

WHILE progress at the foreign ministers' conference may seem uneven and slow, and results only tentative, there would have been no reason to meet at all if a desire for a lessening of international tensions had not been present on both sides of the iron curtain. Both East and West may have indulged in some bluff, but in the long run bluffing comes to its terminal point and beyond that only demonstrated response by way of action can be accepted. Legally the major powers have yet to write the peace of Germany, compose abiding cleavages as to the build-up of arms in the world, and prepare an atmosphere in which genuine steps towards gradual disarmament might become possible.

The precise purpose of the foreign ministers' conference was to pave the way for a meeting of heads of state. Soviet Russia has been eager for a "summit" meeting, and in spite of its current objections and intransigence is not likely to wreck the foreign ministers' parley while there remains any chance of going on to such a direct contact. The Kremlin may,

and indeed has, made as much as possible of divergent views among the Western allies, in contrast with the one-piece policy of an authoritarian regime; but no propaganda foot-hold to be gained thereby would be worth the loss of a chance at the main event. It is there, at a "summit" meeting that the real intentions of both sides finally would emerge.

If there is to be any progress in the present state of international relations, whether by mutual concession or by gradual arrangement on a step-by-step basis, from the present discussions it should soon begin to emerge. The heads of state would have little to meet over if at Geneva there is found no common ground whatever. Similarly, failure at Geneva would be a tangible setback for the future at a cost that inevitably would be felt on both sides. At the moment the probability is that some progress is being made, not on the floor of the convention but still more privately in unreported channels. Slow and uncertain as the process is, this time the world is expecting a positive result.

Canadian Initiative

MOTTED for some time, Canada is making a start on the food bank plan suggested by Prime Minister Diefenbaker for NATO. This country is taking the initiative by setting aside \$10,000,000 worth of flour this year as the beginning of the experiment. In addition to the flour, some 20,000,000 lbs. of dried milk will be made available for free distribution in underdeveloped countries, apart from the NATO food bank. The necessary appropriation to cover the items was laid before Parliament yesterday in the supplementary estimates.

It can be assumed that the cost of such food transfers will be borne in the end by the general taxpayers of Canada. For the relatively modest sum involved, however, they will be receiving value for their money. The NATO food bank idea is new, and if through Canada's initiative it develops into a much broader scheme than is indicated at present that would be welcomed for its own sake. Also,

Canadian producers will be relieved of some of the surplus of their grain and dairy production, both partly under differing forms of subsidy now, in a more practical manner at the disposal end. Certainly there is little comparison to \$10,000,000 to be spent in the food bank plan and more than twice that sum in shifting the site of Aklavit.

Canada has not the cash resources to indulge in wholesale give-away programs such as the world has seen on the part of some of the major powers in the past. Its importance as a steady food producer, however, is considerable. Surplus food stocks which can be stored in reserve can be a valuable asset if, behind the defensive purposes of NATO, there can be built up this form of protection against contingent or possible future failure in regional or other food supplies. At least with its NATO offering Canada is breaking this new ground, and it will be interesting to see what may develop in consequence.

A Black Mark

THE argument among aldermen and municipal councillors about who is responsible for the juvenile home situation rather suggests that Colonel Dingley was not far wrong when he indicted those concerned for incompetence. Every one seems anxious to blame the other, and the petty acrimony over statements, constitutions, and other technicalities is not edifying.

It seems to be very much the case that so long as Colonel Dingley and his wife were content to put up with intolerable conditions at the home the several committees in charge were quite happy to do little or nothing about them. His abrupt but excusable departure after repeated notice, causing the closing of the home, merely points up this fact.

In view of the difficulties with which Colonel Dingley struggled over the years inter-municipal authorities will be lucky to find someone willing and able to take his place. A newcomer would scarcely want the job

under existing conditions, and Colonel Dingley's resignation will have done good if it results in swift and sharp reorganization of the home and the policy that governs it.

Nearly two years ago the superintendent drew attention to the type of young hoodlum he frequently had to cope with and the folly of dumping erring youngsters of tender years into the same rooms as older and hardened delinquents. Lack of proper facilities for segregation and discipline, and insufficient staff to handle the inmates, have resulted in a general deterioration of conditions. The juvenile home has been far from what it should be.

The onus is on the four municipal councils to frame a new deal for the home and to see that it is organized and run with proper attention to its needs. Perhaps there have been too many cooks at the broth; fewer committees and more positive interest in the home and its welfare would bring better results. As it stands now the juvenile home is a black mark on municipal administration.

Interpreting the News

Bickering Over Laos

By ED SIMON
Canadian Press Staff Writer

THE complaints by Communist China and North Viet Nam that aggression against them is being contemplated by the government of Laos can be likened to similar accusations by an elephant against a mosquito.

The charge, if true, would convict a country of 2,000,000 of picking on 597,000 Chinese and 13,500,000 North Vietnamese in cheerful disregard of the 300-to-1 odds. In fact, the Laotian Army is attempting to mop up an estimated 500 insurgent troops of the Communist Pathet Lao organization.

Since the three provinces of French Indochina went their separate and independent ways in 1955, each has followed a different path. Cambodia has steered a neutralist course. Viet Nam is divided into two states, frankly Communist in the north, vigorously pro-Western in the south.

In Laos, there was prolonged guerrilla warfare between the government and the Pathet Lao faction, with the latter firmly entrenched in two northern provinces, and the former maintaining tight control over the rest of the country.

In 1957, despite Western misgivings,

the warring factions agreed to end the fighting, integrate the rebel forces into the Royal Laotian Army and permit political activity by the Communist Patriotic Front.

In the intervening 18 months, the agreement died of neglect, with each side accusing the other of responsibility.

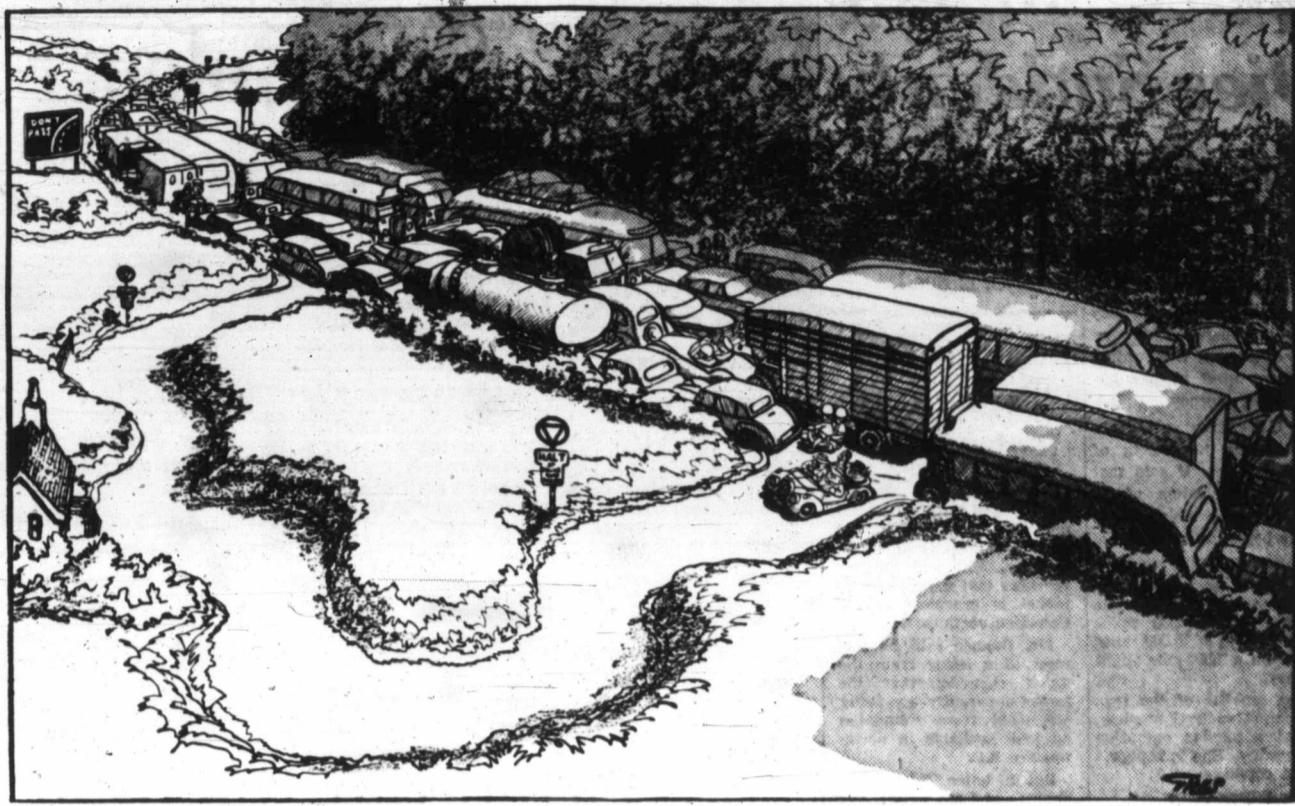

More than 1,000 Pathet Lao members came out of the jungle to join the army, which disarmed them and deposited them in an internment camp, effectively dealing with Western fears that they planned to set up a fifth column.

The remaining rebels, estimated at 4,000, either slipped away to their homes or stayed in their hideouts to carry on desultory actions against the government. Gradually their numbers dwindled. Meanwhile, the Patriotic Front manoeuvred itself into the leadership of a left-wing coalition that threatened to gain control of the Laotian parliament.

Last January their efforts were frustrated when a pro-Western prime minister, Phou Sananikone took over the previously neutralist government and gave himself special powers to deal with the Communist threat and stabilize the country's finances.

Thinking Aloud

"...of shoes and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

A LONDON note in the paper the other day said the new Cunard liners to replace the Atlantic queens might be called after Prince Charles and Princess Anne.

A poor suggestion, methinks. It's the Cunard's business but this would surely be carrying obeisance too far.

The new ships won't be ready for at least five years and the young Charles for one will then be a teenager, but even so. Neither of these royal youngsters warrant such homage. Some day perhaps, but not yet.

It would savor of sycophancy.

Come six or seven years and this nomenclature would be inappropriate, anyway. It might suggest demotion. The Queen Mary and the Queen Elizabeth have long been known the world wide as the "queens" of the Atlantic.

Their diadem has been slightly dimmed by increasing years, but to many they are still the "queens" of the seas. The ships to take their place are sure to be of queenly quality too. If they are to perpetuate this regal status they cannot well bear names of lesser rank.

The Cunard Line may of course be delicately involved because of the royal names presently in use. The precedent was not of their making, and they could be forestalled a second time.

For the first of the Atlantic queens got her name through the quick husbandly thinking of the late King George V.

The Queen Mary was a child of the depression. As Hull 534 she lay untouched for two years on the stocks of John Brown's. When government aid was enlisted to complete her she became a symbol of British economic recovery.

The Cunard Line directors decided to name her in keeping with such national status by departing from the usual practice. All previous Cunards had names ending in "ia", as for example Mauretania, Lusitania, Carpathia, etc.

They settled on "Queen Victoria." Then they waited on King George V for permission to use this royal name.

The chairman began: "Your Majesty, the Cunard Line would like very much to name their new ship after the most beloved queen in English history . . ."

"Queen Mary will be delighted," cut in King George.

There was, of course, no more to be said. The first of the Atlantic queens became RMS Queen Mary. It was natural therefore that her later-built sister ship the Queen Elizabeth should also bear the name of a current queen.

Queenly names would thus seem a must for the new Cunards. They could be called the Queen Victoria and the Queen Alexandra, for instance.

Some details of the first of them—the Queen Mary will be retired a year or two before the Queen Elizabeth—were given by the Cunard chairman last week. He sprang a surprise. The general assumption had been that the new ships would be considerably smaller than the present queen.

Apparently not. The replacement for the Queen Mary will be 990 feet long with a gross tonnage of 80,000. The Queen Mary figures are 1,019 and 81,237. The successor will be more spacious, lighter, faster, and able to carry more passengers. The second of the two new ships will probably be nuclear-powered.

Obviously the new ships are being planned as prestige liners to carry on the Cunard's queenly tradition on the Atlantic. This being so it is hard to see how they can be given other than queenly names.

Future of Victoria College

University Training Is a 'Must'

From an address by Dr. W. H. GADDES, Associate Professor of Psychology at Victoria College

EDUCATION in Canada today is in a state of violent revolution and flux, and Victoria College finds itself caught up in this maelstrom.

Schools and colleges are expanding at an alarming rate and are taking on new patterns academically, sociologically and economically.

University populations have about quadrupled in Canada since 1930, and this year, 1959, is the bumper year when the tidal wave of "war babies" will hit the colleges and universities.

Two years ago Victoria College had about 500 students, a year ago about 650, and this year just finished, almost 900. We expect something over 1,000 in September, and over 1,500 before 1965 and well over 2,000 by 1970.

In the past 25 years, life has become so much more specialized and more complex that a man with no special training can barely survive. Grade Ten has become a practical minimum for entrance to most trades and apprenticeships, while, when you and I went to school, half the school population had dropped out before this level.

University training is a "must" in any modern society, and whether

we as laymen are interested in it or not, we will have it.

The library at Point Grey is unable to meet demands of large numbers of students. Ex-students of mine at UBC have had to borrow books from our library while home on weekends.

With a population of over 2,000,000 people, British Columbia now needs two upper-level institutions and can afford to support them if it really wants first-class college opportunities.

Not only is a four-year institution needed in Victoria now, but it will be a direct monetary saving to Victorians who have youngsters planning to take university training in the next few years. Last year one professional society in Victoria, following a detailed study, estimated that a student living at home in Victoria could attend Victoria College for \$800; to go to UBC would cost \$1,200-\$1,400. Since fees have been raised this will push the minimum costs to \$900 at Victoria College and \$1,300-\$1,500 at UBC.

At the present buying power of money it is actually possible that a four-year institution in Victoria can save a Victoria family as much as \$3,000 on each youngster's four years at College.

Next September there will be at least 1,000 students. Basic living (clothes, books, entertainment and miscellaneous) is a minimum \$500 if they live at home and \$700 if they board.

Thus, \$500,000 to \$700,000 (maybe more) will be spent in Victoria by Victoria College students between September 1959 and the end of April 1960. And this figure will increase.

In addition to this amount are the tuition fees—about one-third of a million dollars—and this amount will have indirect advantages to Victoria.

The monetary advantages listed above are important, but the real advantages of a first-class small liberal arts college here are educational and cultural.

Statistics show that the small liberal colleges both in Canada and the United States offer a better training and turn out a greater proportion of top-level students for their size than the large provincial or state universities. Some of the reasons are obvious: smaller classes and closer tutorial-type of teaching-learning.

Victoria College students have won six gold medals in nine years at UBC and three Rhodes Scholarships since 1952. This speaks well for Victoria parents, elementary and high schools, and Victoria College.

Education must gain in respect in the minds of the public if we are to compete with Russia. Their selection system of students is more efficient than ours, and their scholastic program more intense. Their money is spent on scholarships and research rather than on roads. Here, our attitude has been to give roads prime importance.

If Canada wants first-class university education it must demand it and pay for it.

The Energy Board

Necessary Interference

(From The Montreal Star)

CERTAINLY in theory and often in practice there should be no wild cheering over the government's decision to set up a new regulatory body. We sometimes get the feeling that we are being regulated half to death. Yet it is impossible not to feel that it was inevitable that a National Energy Board would be established.

It is 12 years now since the discovery of oil and gas in western Canada changed the whole Canadian energy picture. A problem which at one time was limited to dealing with coal and hydro electric power has been greatly complicated by oil, gas and atomic energy.

These could not be left to development under the blind forces of the market-place. They involve issues of paramount national importance—a fact long recognized by the strict control exercised over the export of electric power. But that control could be simply administered. It involved nothing like the problems of today, and it was plain common sense for the government to set up a body which would study these complexities and make recommendations.

More expense. More bureaucracy. More interference. All these, to be sure, but how else can the national

This Is Tyranny'

(From The Fort Erie Letter-Review)

STANLEY Yankus, former farmer in the midwest U.S. is on his way to Australia. Fed up with bureaucrats who administer Uncle Sam's agricultural planning policies, Mr. Yankus believes there is no longer any real freedom for U.S. farmers and that the best thing to do is to emigrate.

Before his departure Mr. Yankus said: "I am not fighting for the right to grow wheat. I am fighting for the right to own property. If I am forbidden the use of my land, then I do not own it. My rights do not extend beyond the right to pay taxes. This is tyranny. My right to liberty should certainly be my right to earn my living on my own farm."

Mr. Yankus' "crime" lies in his insistence on growing wheat in excess of the acreage allotment laid down

by Washington under its wheat price-support system. Mr. Yankus didn't grow an excess acreage of wheat in order to sell it. He grew the wheat because he wanted to feed it to his hogs. But Washington bureaucrats said "No," and slapped so many fines on farmer Yankus that he decided that the only course open was to cease farming in the United States.

Irony of the Yankus case is that such persecution of a man who insists merely on the right to farm his land as he sees fit should take place under an administration in Washington that professes to be dedicated to the principles of conservatism. Conservatism and liberalism frequently provide a respectable garb for those who advocate policies that are essentially socialist.

When the lamp is shattered

Teeners Take Over for Jazzed-Up Service

Sally Moore, 15-year-old schoolgirl who devised her own "jazzed-up" church service for teenagers, listens to guitarist John Evans, 16, sing and play a number at start of the special service at All Saints' Church in Erdington, England, Sunday. Listening at right

is the vicar, Rev. Richard Coote. Sally rewrote the Creed and General Confession in modern English for the service, "Eight o'Clock Special." The hymns were jazzed up. At left are some of the more than 250 young people who attended.—(AP Photofax.)

Big High School Party Planned

It Won't Be Wild

Members of the graduating class at Mount View High School this year are organizing an all-night party to keep out of trouble.

But it differs from the wild graduation night shindigs which have become more or less accepted in past years. This one will be chaperoned. Saanich police will keep an

eye on the place to discourage gate-crashers, and there will be no liquor allowed.

Dancing begins at 1:30 a.m. in the Villa Marina and continues until six. Breakfast will be served half an hour later. About 60 couples are expected to go on to the party from the school dance which winds up at 1 a.m.

Fight Juvenile Crime Parole Board's Plea

NORTH BAY, Ont. (CP) — Canada's municipal leaders heard a plea Tuesday from the National Parole Board for co-operation in fighting juvenile delinquency.

"It is within your power to help," said J. Alex Edmison, board member, at the convention of the Canadian Federation of Mayors and Municipalities.

He addressed a luncheon that preceded an afternoon off for the 500 civic administrators and their wives attending the four-day annual meeting.

"Mr. Edmison said figures compiled by the RCMP show the number of juveniles involved in Criminal Code offences increased 17.7 per cent in 1958 over the preceding year.

"After weighing the social significance of wars, depressions, booms, changing values, housing and recreation needs, almost invariably there is stressed the breakdown, or lessening, of the traditional strengths of the home, the church and the school."

'Terrible Flop'

'Illness' Hangs Over Family

CHICAGO (UPI)—The family of the future will be a "terrible flop" unless it abandons present-day values and Pollyanna attitudes, a Yale psychiatrist said last night.

The psychiatrist, Dr. Lawrence S. Kubie, placed part of the blame on the fact that the United States has become a land where no one permits himself to acknowledge or recall anything unpleasant, or seems to want to learn from his mistakes.

Inferred that parents might have better success with their children by using persuasive tactics, Kubie cited the example and suggestion method as having better results than threats of punishment.

HARD THINKING

The family failure is increasing, he said, and "unless we do some hard thinking about it and some hard planning, its failure will destroy the culture and the civilization that we prize so highly."

The family, Kubie said, "is threatened by a 'deep and malignant' illness unless parents gain the humility to 'see themselves as their children see them.'

SUITABLE IMAGE

Kubie said parents should "present a more suitable image with which their children can love and identify themselves."

Kubie spoke at the ninth and final in a series of talks on "emotional forces in the

two stench bombs Saturday night. Six policemen were called to disperse the youngsters after their ejection.

"If I can't run a decent family theatre, where respectable people can sit and enjoy a movie, I might as well quit."

HOW YOUR LIVER BILE BREAKS DOWN FAT

Laboratory tests have now proved that liver bile emulsifies fat... actually breaks it down. It is an established medical fact that when liver bile is added to fatty solids, the fat is broken down and forms a smooth, easy-digesting mix.

In your body, precious liver bile helps break down fat the same way. Many foods reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down this fat... unblocks it... for easier and more complete digestion.

Carter's Little Liver Pills exclusive formula of natural, vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of liver bile needed to break down fat in your body.

So when you feel sluggish, headache, nervous and need a laxative, get Carter's Little Liver Pills. Remember, Carter's not only relieves irregularity, but actually improves the flow of liver bile needed to break down fat. Only \$3.45.

THRIFTIEST PICKUP ENGINE SMOOTHEST PICKUP RIDE SMARTEST PICKUP CAB

FORD IS THRIFTIEST! You'll get as much as a day's GAS-FREE driving every week with a new '59 Ford Pickup Six. This fact was proved in Economy Showdown U.S.A., the biggest independent tests of trucks' gas mileage ever conducted. Ford Pickup Sixes were tested against five other leading makes. Fords got more miles per gallon in every kind of driving... gave over 25% better gas mileage than the average of the other makes tested. And the standard Ford 1/2-ton pickups made and sold in Canada are these same money-saving gas-savers.

FORD IS SMOOTHEST! Scientific Impact-O-Graph tests prove Ford Pickups ride best. Loaded or empty, Ford's long, rubber-cushioned springs and double-acting shock-absorbers combine to give you a ride that's jolt-free. Non-sag seats also help keep the driver fresh and alert.

FORD IS SMARTEST! Ford Pickups have a new fashion-bright look for '59. Smart 2-tone styling is available in all cabs. Sturdy seat upholstery that's stronger than ever before is made to take rugged everyday wear and come up bright and still "looking like new." Inside and out, a Ford Pickup is a truck you can be proud of.

B.C. Ferry

Causeway Tenders Called

Tenders have been called for the Tsawwassen terminal for the government's Saanich Peninsula mainland ferry service. Premier Bennett said yesterday.

The 10,000-foot rock-filled causeway, which will include small boat docks, parking lot, terminal buildings and end-loading pier, is expected to cost \$3,000,000.

Tenders are returnable June 23, with construction to start in July.

Island terminal will be at Sidney, but Highways Minister P. A. Gagliardi has indicated an eventual terminal at Swartz Bay to hook up with a Gulf Islands service.

Royal Marriage Back in Belgium

Wedding Crisis Over

By EDDY GILMORE

BRUSSELS (AP) — The wedding of Belgium's Prince Albert to an Italian princess was suddenly switched Tuesday from the Vatican to Belgium.

The government said Pope John himself had suggested the change. This brought demands from socialists in the Belgian Parliament that

the government resign for clumsy handling of the wedding plans.

"This is the first time in the history of this country that a government, to justify itself, hides behind the decision of a foreign chief of state," declared socialist Victor Larock.

Prince "Albert," 24-year-old

Lloyd Keeping Post Macmillan Insists

LONDON (Reuters) — Prime Minister Macmillan Tuesday doused reports that Foreign Secretary Selwyn Lloyd will be relieved of his post.

Macmillan told the House of Commons that Lloyd and he "hope to carry on our work together for a very long time to come."

Ottawa Highlights

CBC Ad Revenue Forced in Open

OTTAWA — The Commons broadcasting committee voted, by a narrow majority, to crack the CBC secrecy on advertisers' payments for sponsored television programs, despite the stated disapproval of Revenue Minister Nowlan.

Jailed Trio Take 'Britt' Of Blame'

HALIFAX (CP) — Three men sentenced Tuesday for stealing goods from the navy dockyard here are bearing the brunt of the blame for others, defence counsel of one said.

Lawyer Daniel Morrison said in city police court he understood about \$20,000 in goods are involved in the incident which brought a police raid May 20 on a suburban home and charges against three men. Police have said about \$2,000 worth of dockyard property was recovered. The navy has declined comment on the case.

Alan Horace Chapman of Fall River, N.S., 34-year-old former navy petty officer, and Raymond Shaw of suburban Rockingham were sentenced to three years each in penitentiary.

Gordon George Logan of Halifax was sentenced to two years in penitentiary.

A 10-day Commons debate on the government's proposed national energy board has ended with approval of the detailed study stage, leaving only the formality of third and final reading before the enabling bill goes to the senate.

Earlier the Liberals failed to have a one-year limit on the export of electricity written into the legislation.

Led by B.C. members, the Progressive Conservatives and the CCF linked up to defeat a Liberal amendment on the contention it could scuttle B.C.'s huge Columbia River project, which involves a power deal with the United States.

The government's new \$200,000 issue of one-year treasury bills, on which tenders closed late Tuesday, was "heavily over-subscribed," Finance Minister Fleming said.

Authorities Tuesday visualized Canada's proposed \$10,000,000 flour gift to Europe as the beginning of a revolving stockpile that may eventually lead to expansion of Canadian flour markets overseas.

New York Still at H-Bomb's Mercy

Nothing to Show For \$22,000,000

NEW YORK (UPI) — The biggest city in North America has spent over \$22,000,000 in the last nine years on plans to meet an enemy nuclear attack—and all New York has for the money is an increasing realization that no plan will work.

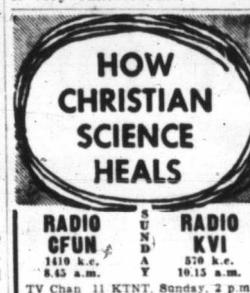

The city's civil defence office has an annual payroll of around \$1,200,000, counting workers from other departments who are assigned full-time to the civil defence office.

And during the nine years it has been in existence about \$12,000,000 has been spent on equipment of various kinds. Yet today, the department has hardly enough blankets, medical supplies and other equipment for more than token demonstration purposes.

But Maj.-Gen. Robert E. Condon, the head of the civil defence office, admits the plan is very cumbersome.

If there was a real good warning and the evacuation plan worked perfectly—if the railroads and subways were not knocked out and the streets remained open for buses—then the populace could be evacuated in 48 hours.

But there just isn't going to be a real good warning, both military and civil defence officials admit—so the feasibility of the plan seems very slight.

BEDDING PLANTS

Snaps (mixed), Aster, Nemesis, Alyssum (white and violet), Portulaca, Salvia (St. John's Fire), Petunias (Carnival Mixture, Red Satin, Pink Satin, Peach Satin), Lobelia (dwarf, trailing), Marigolds (giant and dwarf), Tagetes, Verbena, Sweet William, Phlox Twinkles, Ageratum, Nierembergia, Sweet Peas, Carnations, Salpiglossis, Dianthus, Zinnias, Dahlias, Double Stocks.

PERENNIALS

Delphinium, Incarvillea Pyrethrum, Geum, Campanula, Russell Lupins, Rock Dianthus, Pinks, Coral Bells, Echinops, Anchusa, Liatris, Penstemons, Shasta Daisy, Dwarf Delphinium, Lobelia Cardinalis.

Infield Flies Bug Wilhelm

CHICAGO (UPI)—Bugs, not the batters, got to Hoyt Wilhelm of the Baltimore Orioles last night in the first inning of the game with the Chicago White Sox.

Wilhelm was facing Nellie Fox of the Sox. Wilhelm called time.

Gnats were bothering him on the pitcher's mound, he said.

Orioles coach Al Vincent launched an assault on the gnats, waving a towel vigorously in an effort to dislodge them. Wilhelm resumed pitching.

He walked Fox and then complained of the gnats again.

The White Sox produced two spray cans of insecticide and a bat boy and an umpire advanced to the mound and

unleashed the bug killer. Trainer Eddie Weidner applied insect repellent to Wilhelm.

The game was resumed again, but Wilhelm once again complained and retired to the dugout.

The umpires stalked from the field and returned with bunches of newspaper, which they rolled and ignited as torches. Groundsmen swept up the charred paper. A Sox care-taker carefully sprayed the air over the mound with a hand-insecticide sprayer.

In an all-out assault, management finally called three of its "munitions experts" from the center field bullpen, who are retained by owner Bill Veeck to handle post-game fireworks.

The "munitions men" constructed a frame on the pitchers mound and, while the ball-players and umpires scattered, they ignited a smoke bomb.

When the air cleared, the "munitions men" retired to the bullpen, Wilhelm returned to the mound and the game resumed, 16 minutes later.

Wilhelm and the Orioles won, 3-2.

AT THE 19th

With Harry Young

Although only one-third of the schedule has been completed, it looks as if the new Victoria Inter-Club League is going to produce a keen struggle up to the last match.

Colwood and Gorge are shaping up as the two better balanced sides, but the young Victoria side is showing that it is capable of throwing a spanner into the works, as they did on Monday evening when the strongly favored Gorge team was a trifly lucky to get away with a 5-4 defeat.

So far Uplands has not managed to break through, largely because they lack a leader at the top, and it was Claude Legge and Joe Briggs that gave them the three points against Colwood that stopped what looked like a rout for the Langford boys.

The big event next Monday should be the meeting of Gorge and Colwood at the former course. Gorge with 12 points are one behind their rivals, and with their final game at Colwood, they will want to pile up a lead while they have home advantage.

Already the players with the maximum of four points has been winnowed down to four, and of these three come from Colwood—Kerr, Clarkson and Andrews—with the fourth John Merriman representing Gorge.

Other 100 per centers are Ralph Cossay of Victoria, Ron Cuss of Gorge and Don Ross of Colwood, but they have played only one of the matches.

In the Gorge-Victoria game on Monday, the short 13th was a happy one for the Gorge visitors. No less than four of the six had birdie twos on that hole—Donaldson, McColl, Wakeham and Painter.

* * *

This looks like a grueling weekend for Victoria junior golfers.

On Saturday at Royal Colwood they will be taking part in the 36-hole Victoria Junior Championship, and then Sunday some of them will have another 36 holes to play at Gorge Vale in the first two rounds of the Victoria City Championship.

With Bill Wakeham and other promising youngsters around it is quite a possibility that this year the junior and senior titles could be won by the same person.

However, for the city title—this year to be played over 54 instead of 72 holes—the favorite is Laurie Kerr. The B.C. Close champion, and only Vancouver Island member of last year's Willingdon Cup team, Laurie is at present playing top class golf, and is probably the most consistent player on the Island.

In the Inter-Club League he has played under par to beat such strong opponents as Laurie Carroll and Frank Scroggs.

Wakeham, as Island match-play champion will have to be considered for he is a grand competitor under pressure.

Others who are at present in good form are Johnnie Merriman, Vince Clarkson and George Andrews.

* * *

Forty boys out of 89 who entered have qualified for the final of the Victoria District Junior Golf Development competition to be played at Victoria Golf Club Thursday evening.

They are the pupils from the tuition classes at the Uplands, Gorge, Victoria and Colwood courses and they are playing for a magnificent set of prizes presented by the Hudson's Bay Company.

The boys will play in two groups. There will be one competition over 18 holes for the advanced group. This includes all boys who had played golf before taking the district course of lessons.

The other group is for beginners, and they will play over nine holes on a non-handicap basis. The advanced group will play to their club handicaps.

The competition marks the close of a tuition program that attracted more than 200 boys from the district high schools. Part of the B.C. Golf Association development program, it has been hailed as one of the most successful of its type ever to have been held in the west.

Contributing largely to the success of the program have been the local professionals and leading amateurs who have given unstintingly their time and efforts to interest youth in the game.

Special mention is due Gordon Pellow, Vic Painter, Orville Fox, Mickey Bartkow, Dick Baiss and Lee Derman for a job well done.

* * *

Lefthander George Sparling advanced into the final of the Victoria "A" club championship last weekend with a semi-final win over Colin Rutherford.

In the other semi-final Allan Taylor, son of the former Victoria professional meets Jim Barry.

Barry is the only former winner of the title left in the competition.

In the "B" championship Bill Munro meets Neil Mooney and Tommy Moulds meet Ernie Watt.

* * *

L. B. Williams of Victoria Gold Club shot 80, and won second gross prize in the B.C. Bond Dealers annual match at Capilano Saturday. Winner was Jack Edgell, who scored 75.

* * *

Winner of the "B" class championship at Uplands May 31 was R. Macmurchie. He carded 84, which with his handicap of 19, gave him a net 64. Runner-up was H. B. Forse 87-29-67 and tying for third place were K. McKay 84-16-68 and C. J. Robertson 87-19-68.

* * *

My namesake—no relative—Harry Young is busy these days preparing the "green" at the Central High School for the Gyro annual hole-in-one contest. This year it is being held July 13.

* * *

Some Beefs, Too

West Brom Has Praise

VANCOUVER (CP)—"Your team could give any in the English First Division a good showing," said a West Bromwich Albion player after British Columbia all-stars took a 3-2 victory over the touring

English first-division soccer club Monday.

Keith Smith, who watched the game from the sidelines as a West Bromwich substitute, gave much of the credit to B.C. goalie Ken Pears.

"He could play on any first-division team," said Smith.

International inside-forward Derek Kevan blamed the defeat on over-long plays by West Bromwich. But he said the B.C. team "gave us a fair go and deserved to win."

Other players complained the B.C. team was rough.

"They may let the ball go by but they never let the man go by," said inside-forward Dave Burnside. Halfback Charles Drury described the B.C. players as "tricky trippers" and "tough tacklers."

West Bromwich manager Vic Buckingham denied suggestions the game was rough, but said it was "hard, by our standards." He said the B.C. team "played with more desire

than ours." But he had no complaints and no excuses.

"We shall always cherish the memory of losing in Vancouver," he said.

Last year a B.C. all-star team was defeated by Heart of Midlothian of the Scottish League. The B.C. squad defeated Tottenham Hotspurs, 20, here in 1957.

Monthly medal competition for ladies with a 15 and under handicap was held Monday at Royal Colwood with Mrs. D. Naysmith of Gorge Vale winning both low gross and low net divisions.

Mrs. Naysmith won the low net division with an 81 score. Again in the low gross Mrs. Naysmith led the field with an 83.

Another Big Cutthroat Trout Added to King Fisherman List

R. G. Lyon, 558 Cornwall, came within four ounces Sunday of being the new leader in the trout division of the Daily Colonist King Fisherman Contest.

Lyon, fishing on Lake Cowichan, landed a six-pound, eight-ounce cutthroat on a Gibbs spoon. It was the sixth trout of more than six pounds weighed in during the first month of the fifth annual competition, and the second largest of the lot.

However, Gordon Ells, 1800 Richardson, still leads the division with the 6½ pound beauty he caught in Butte Lake.

Other fishing news coming in yesterday indicated that coho are beginning to show. Gone Fishin' Boat Rental and French Creek Fishing Camp both report several anglers taking their limit of coho ranging from 4½ to 6½ pounds.

Governor Ordered Held in Institution

GALVESTON, Tex. (AP) — A judge Tuesday ordered Governor Earl Long of Louisiana held in protective custody at a hospital.

He granted a petition by the governor's wife and Dr. Arthur Long, a physician and the governor's cousin.

LIKELY TO INJURE

Dr. Titus Harris, internationally known psychiatrist, said the governor is likely to cause injury to himself or to others.

Under Texas law, the judge's order will be in effect until a formal hearing is held to determine if Long should be committed. Hearing must be held in 14 days.

SHOUTS, TANTRUMS

The 63-year-old governor was flown here Saturday following shouted, vitriolic tantrums in Louisiana's legislature last week.

Mrs. Long acted to stop the governor from walking out of the hospital. Should he reach Louisiana, he would be, under Louisiana law, above any committee and, sources said, "the public would be right back with him," ill or not.

TIBET FARMS

Crops of barley, potatoes, turnips and radishes are grown at an altitude of 12,000 feet in Tibet.

Speech Bored Him

Listener
Finally
Revols

GREENFORD, Eng. (AP) — An unknown Englishman Tuesday struck a firm blow for the worldwide corps of listeners who confess to boredom at after-dinner speeches.

He got up at a civic banquet, grabbed the mayor of a small town by his coat lapels and tried to sit him down.

Mayor R. E. Daly had been speaking for 15 minutes when it happened.

His flow of words was lost as the man grappled with him and shouted:

"We've had about enough from you."

"You've gone on just long enough and that seems enough."

Aides escorted the man outside. He was not identified.

"You will realize, ladies and gentlemen, that this is just one of those things," said the mayor as he resumed his speech.

Crash Kills Cabby

CHILLIWACK (CP) — Vancouver taxi driver Joseph Ward, 45, was killed and three other persons injured when two cars sideswiped on the Trans-Canada Highway, 10 miles west of here Tuesday.

DUNCAN — First service club talk by the new game warden here, William Fowlkes, will be given tonight at the regular Kiwanis Club meeting in the Alderlea.

He will speak on the year-old department of recreation and conservation and show the film "Tight Lines" about fishing near Smithers.

ENDS TONIGHT

"INNOCENT SINNERS"

A typical product by the J. A. Rank Organization. This is the story of a little girl in London, and portrays the yearning that young Lovelace Mason has for London and beauty instead of the swarming London Streets. Peter Robson and David Kossoff share the acting honors with the children. Also news, travelogue and cartoon.

HOWARD ELKINGTON

... lost footing

★ ★ ★

63 Feet to Floor

Worker Falls, Badly Hurt

Howard Elkington, 28-year-old construction worker, was gravely injured in a 63-foot fall at HMC Dockyard yesterday morning.

Elkington was working on a scaffold cleaning paint from the windows of the new naval ordnance building when he lost his footing and plunged to the concrete floor.

He was taken to St. Joseph's Hospital with multiple fractures and late last night was still unconscious and in only fair condition.

Elkington works as a laborer for Commonwealth Construction Company. He started work at 8 a.m. and about an hour later another workman in the building saw Elkington fall and "flip over twice on the way down."

His injuries include a fractured right thigh, right elbow, and nose, concussion, a severe cut over the right eye, and a possibly fractured pelvis.

Elkington makes his home with his brother-in-law and sister, Mr. and Mrs. Constant Praud, 438 Dallas. His parents live at Oak Lake, Manitoba.

Another Holiday Request

Greater Victoria intermunicipal committee yesterday recommended that July 17 be proclaimed a civic holiday for the royal visit. Previously the royal visit committee recommended a holiday.

It also voted—or at least was taken as voting—in favor of the Greater Victoria municipalities splitting the cost of preparing for the visit on a population basis.

Committee members were talking among themselves, and only Ald. Geoffrey Edgeland voted "aye," but no one voted nay.

The cost will include an estimated \$150 for illuminating the water tower off Rockland, with a flag surmounting it.

Merchants Protest Two-Price Charge

Two Government Street merchants yesterday rallied round a red flag waved by a Chamber of Commerce official and protested against charges that some merchants have two prices—one for tourists and one for Victoria residents.

Both men assumed that William Lauder, chairman of the chamber's tourist trade group, was referring to Government Street stores when he said the double price standard exists in some local stores.

There was no street mention by Mr. Lauder as he was reported in the Colonist yesterday.

RECOVER CAPITAL

Frank Porter, proprietor of the Indian Craft Shoppe, pointed out that possibly the "double standard" complaints stemmed from sales of high-quality merchandise in local stores on a consignment basis by importers who sell cheap.

"The store advertises \$8 sweaters for, say, \$3.95, and the importer takes the loss," he said. "Immediately John Doe in Oak Bay or Esquimalt thinks the stores are cutting prices and have two prices."

Lionel Tashjian, of Persian Arts and Crafts, admitted

Blitz Nets \$18,145

Monday night's torchlight blitz for the Queen Alexandra Solarium had netted \$18,145 up to last night and there is more to come. Campaign chairman, Mrs. Doreen Eade, 411 Walter, said yesterday she expects close to \$20,000 when all donations are counted by tomorrow night.

Reeve Murdoch said that the juvenile officers are very good," Ald. Wilson told him. "They take away things like bike chains with handles. Unfortunately some of the kids have parents who bring things in. I assure you it's not only jam and cookies they bring in the jail. Not only weapons but bottles of whisky to the poor little teen-agers."

Reeve Murdoch said that was the fault of the superintendent, but Ald. Wilson said parents had brought things in concealed in their clothes, or tied them to the ends of strings to be hauled through the windows.

COULD BE CHARGED

"Well, they could be charged with contributing to juvenile delinquency," Reeve Murdoch said.

Reeve Murdoch suggested the home committee could be dispensed with and the home run by the intermunicipal committee. Esquimalt Coun. G. K. Sammon proposed that with this suggestion in mind, the new superintendents be hired on a temporary basis.

The meeting agreed that for the first six months the persons appointed would be on probation anyway.

Premier Bennett and his financial advisers will go to Ottawa July 6 for a federal-provincial meeting of finance ministers.

The store advertises \$8 sweaters for, say, \$3.95, and the importer takes the loss," he said. "Immediately John Doe in Oak Bay or Esquimalt thinks the stores are cutting prices and have two prices."

Lionel Tashjian, of Persian Arts and Crafts, admitted

A solution to the storm-provoking problem of reopening Greater Victoria's juvenile detention home appeared last night to have been reached.

At a comparatively peaceful meeting, the intermunicipal committee authorized the juvenile home committee to hire replacements for Lt.-Col. and Mrs. W. S. Dingley.

The home committee planned immediately to engage its first choice among about 20 couples who applied.

NO ACRIMONY

Acrimony was expected at the meeting. Ald. Geoffrey Edgeland had criticized Ald. Lily Wilson, chairman of the home committee, over "the secrecy which has shrouded whatever remedial action was being taken."

Ald. Wilson, in a report de-

livered Monday to the intermunicipal committee, referred to Ald. Edgeland's "uninformed, wild statements" and said the intermunicipal committee had stripped the detention home committee of authority.

APOLOGY ACCEPTED

But yesterday she asked the meeting to ignore that part of the report. Ald. Edgeland had apologized, she said, and she had accepted his apology.

Reeve George Murdoch of Oak Bay said the meeting's concern was to get the home open again.

Ald. Wilson said that what she wanted was a unified juvenile court, a new detention home with proper personnel and facilities for security and segregation and a Greater Victoria committee with power to act.

TWO HOURS

Debate in the next two hours brought out these points:

A draft agreement which would have given the home committee powers to manage the home and hire and fire personnel was accepted last summer by Esquimalt and Victoria, but not Saanich and Oak Bay.

The home committee therefore believed it had no power to engage replacements for the Dingleys, but had decided "late in the game" in May to assume power and seek confirmation later—but then wanted the intermunicipal committee to be responsible when it became apparent higher costs were involved.

PLANS ORDERED

The intermunicipal committee had acted on the home committee's earlier request for provision of an adequate new home. A delegation had seen the attorney-general about possibility of help and had ordered rough plans drawn.

Ald. Edgeland proposed that the home committee be authorized to hire new superintendents, but the possibility of a new home being built side-tracked the discussion for a time.

All the applicants wanted some security for "children who are vicious," Ald. Wilson said. Some of the juveniles were "hoodlums with spring knives."

WHY NOT JAIL?

Acting Mayor Arthur Dowell wanted to know why the hoodlum types weren't kept in jail. Coun. Alan Cox of Oak Bay explained that a judge's order had to be obtained to jail a child, and the worst ones often came in at 4 a.m.

Ald. Edgeland said he couldn't believe they couldn't be held until morning.

Reeve Murdoch said any police officer who hadn't searched a juvenile brought into the home should be summarily dismissed.

MORE THAN COOKIES

"The juvenile officers are very good," Ald. Wilson told him. "They take away things like bike chains with handles. Unfortunately some of the kids have parents who bring things in. I assure you it's not only jam and cookies they bring in the jail. Not only weapons but bottles of whisky to the poor little teen-agers."

Reeve Murdoch said that was the fault of the superintendent, but Ald. Wilson said parents had brought things in concealed in their clothes, or tied them to the ends of strings to be hauled through the windows.

COULD BE CHARGED

"Well, they could be charged with contributing to juvenile delinquency," Reeve Murdoch said.

Reeve Murdoch suggested the home committee could be dispensed with and the home run by the intermunicipal committee. Esquimalt Coun. G. K. Sammon proposed that with this suggestion in mind, the new superintendents be hired on a temporary basis.

The meeting agreed that for the first six months the persons appointed would be on probation anyway.

Premier Bennett and his financial advisers will go to Ottawa July 6 for a federal-provincial meeting of finance ministers.

Mary Shanks Funeral On Saturday

Private funeral services for Mary Shanks, 50, will be held at 10:30 a.m. Saturday from Sands funeral home.

Mrs. Shanks, who was born in England in 1909, came to Canada in 1920 and to Victoria in 1927. She died Tuesday morning in Royal Jubilee Hospital after a lengthy illness.

A devotee of riding since childhood, she has won many riding honors, including international horse shows at Vancouver and Seattle.

She was considered one of the leading riders in the Pacific Northwest.

She is survived by her husband, Bob, 4111 Cedar Hill Road; her mother, Mrs. Jane Doran of Victoria; and two sisters, Mrs. H. J. (Zena) Hartnell of Victoria and Mrs. R. J. (Peggy) Thomas of Toronto.

The company said this price would save the city \$13,000 in a year. City Engineer James Garnett said yesterday, however, that the city would have to retain its superintendent, cutting the claimed saving to about \$5,000, and he added that he thought the city could "very readily" lose that \$5,000 through a contract.

Twenty-One Guns for Coronation Anniversary

Booming guns at Work Point like this one fired by Gnr. Carl Gustafson, left, Gnr. Danny Crabbe, centre, and Sgt. Ranjit S. Azad marked the sixth anniversary yesterday of the coronation of Queen Elizabeth.

The 21-gun salute was fired by members of the 5th (B.C.) Independent Medium Battery, Royal Canadian Artillery.

(Colonist photo.)

B.C. Gift To Queen Secret

Premier Bennett yesterday refused to divulge what the provincial government has in mind for a gift to Queen Elizabeth on behalf of the people of B.C.

"I am one of these old-fashioned people who believe a gift is a gift and not something to be advertised ahead of time," he said.

Car Keeps Going

Collision Injures Cyclist

Thirteen-year-old Mike Watson, 2605 Belmont Avenue, was treated for a broken arm at Royal Jubilee Hospital after his bike collided with a car that kept going.

The boy was riding north on Fernwood when he was passed by a car that cut in front of him and turned east onto Victoria at 4 p.m. The right rear fender of the car threw him to the road.

Fine New Sites Await Campers

Few vacationers so far have discovered the beauties of the 147 model campsites at Goldstream Park, now open for public use and only 10 miles from Victoria. Among those who have are Bob and Helen Barker of Tacoma, who set up camp there yesterday on a honeymoon that was delayed a year.—(Colonist photo.)

Vandals Violate Church

Cupboard doors were forced open, some communion glasses were taken and papers were strewn about the floor during a break-in at Knox Presbyterian Church, Stanley Avenue, yesterday afternoon.

Only Two Candidates In Saanich

With less than nine days to go before nominations close, only two persons have filed papers to contest the June 20 by-election to fill a vacancy on Saanich council.

The two definite candidates are Albert W. Reid, 4305 Gordon Head Road, and Gregory C. Cook, 1091 Laburnum.

Average wind force was 13.8 miles an hour daily, up 2.8 miles an hour from normal. Gale force winds (over 32 miles an hour) were recorded on May 8, 9 and 24 and the highest gusts, 51 miles an hour from the west, were on May 9 and 24.

Buses, Taxis

Bylaw Tough On 'Carriers'

Saanich council Monday night will consider a new vehicle licensing bylaw which includes stringent provisions to protect users of public transportation.

Major innovation included in the bylaw is a clause requiring the drivers of all taxis operating in Saanich to fix cards to the backs of front seats, including the name, address, age, weight, height, color of hair and eyes, photograph and fingerprints of drivers.

SPECIAL PLATES

All public transportation vehicles, ranging from cabs to privately operated school buses, will have to carry special license plates issued by Saanich municipality.

The open meeting will be held at 8 p.m. in the Newstead Hall, 734 Fort Street.

KEPT CLEAN

And the interior of private vehicles must be kept clean and in good repair, and disinfected at least once a week. If the vehicle is judged unfit for public use by either Police Chief Albert Pearson or licensing inspector Roy Wootten, it will be banned from Saanich roads until it passes inspection.

Main purpose of the new bylaw is to incorporate a number of suggestions from chief Pearson and to tighten up on the present situation.

FEES UNCHANGED

Fees are virtually unchanged from the existing bylaw apart from the licence fees for ready-mix concrete or mixmobile trucks. Fees for these vehicles are raised from \$10 a year to \$25 in the proposed new bylaw.

Adoption of the bylaw has been recommended to Saanich council by the Saanich finance committee. All members of Saanich council are members of the finance committee.

Scope of the new bylaw ranges from taxi cabs, through ambulances, hearses, privately operated school buses, charter buses, U-drive cars, U-drive motorcycles and scooters, trailers, gasoline or oil delivery trucks, to concrete trucks.

Al Collie watching parents drop boys off at Colt League games then drive straight away . . . Mabel Mills surprised by a name in this column . . . Herb Brown rubbing his lucky rabbit's foot.

KIRSTEN ANDERSEN

Your Problems

By Ann Landers

Dear Ann Landers: My wife went out and bought a fancy bedroom set as a 20th wedding anniversary present to herself. We always had a double bed but this new set has twin beds.

When the furniture store delivered the set, my wife discovered that the new beds, the dresser and chest of drawers wouldn't fit into our bedroom. So guess what she did. She moved my bed into the guest room.

I'm plenty tired off this but I haven't said anything to her because according to my horoscope I can't win a point

until next week. I ought to tell you that she is Scorpio which means "stubborn as mule." What do you suggest? — AQUARIUS.

Dear Aquarius: I suggest you tell Scorpio—immediately—to move the chest of drawers into the guest room and put your bed where it belongs. Stowing silently will only mean Ucerville.

Use the soft, sentimental approach. Tell her how lonely it is and how much you miss her. I'm betting you'll be back in no time, Dad.

I Hate Missing Out

Dear Ann Landers: Is there anything wrong with a brother taking his sister to a party or a dance? I'm 16 and not very popular. My brother is 17 and we have the same friends. He doesn't have a steady girl so I see nothing wrong if he escorts me. I hate missing out on everything and if he didn't take me I'd never go any place at all.

Yesterday he agreed to drive me to a big school party and then call for me. But he won't come inside. Is this right? Both mom and dad have stayed out of it because they say it's up to us to settle the matter between ourselves. Our grandmother says it's the duty of a brother to help his sister socially if he can. What is your opinion? —WALLFLOWER.

Dear Wallflower: A girl who appears at a party or a dance with her brother (when the other girls have dates) might just as well hang a sign on her back saying, "I couldn't get a date but I came anyway."

Once in blue moon you'll find a brother who'd rather take his sister than any other girl. Such a boy needs to date other girls and should not be encouraged to hide his shyness behind his sister's skirts.

In your case, however, it's plain your brother doesn't want to be your date since he refuses to do more than supply transportation. For heaven's sake let the poor kid off the hook and don't continue to take advantage of him just because he's a good natured shnook.

Very Much in Love

Dear Ann: I'm old enough to know the answers. (32)* but I need help with this one. I've been going with a lovely girl 28, for almost five years. We're very much in love. She's good-looking, generous and everyone likes her. She wants to get married within three months but the problem is this:

I started a new business and I'm in debt. I help support my mother and know I'll have this responsibility for many years. My car isn't completely paid for and I still owe the insurance company \$1,000 which I borrowed against a policy.

My fiancée says none of this makes any difference to her. She has a good job and intends to work after we're married. She's giving me lots of heat.

A LOVELIER YOU

By Mary Sue Miller

plain, most often are designed with matching flounces and the effect is charming — pastoral.

There is no question that the fashion is flattering. Anything so feminine could not fail to beguile. For utmost flattery, though, flounces must be proportioned to your figure. You can judge proportions by this yardstick: The deeper and fuller the flounce, the more it shortens and widens the figure. Remember this, and the fashion will look as delightful on you as it is!

YOUR MOST BECOMING LINES

You know in detail what lines in clothing enhance your good points and play down the not-so-good? The right lines do both and so make a fine figure of a woman! How it's done is told in our leaflet, "Your Most Becoming Lines." Advice is individual and includes silhouettes, necklines, shoulders, sleeves, belts, trimmings.

To obtain your copy, write me in care of this newspaper, enclosing a self-addressed, stamped envelope and five cents in coin—the more it shortens and the more it becomes and

Party in London On Dominion Day To Be 'Greatest'

By JANE ARMSTRONG

LONDON (Special) — Because the Queen will be in Ottawa on July 1, Canadians here in London will be celebrating Dominion Day with a lavishness that quite outdoes all parties held in London in the past.

Canadian High Commissioner George Drew had the idea of making Dominion Day a double celebration between Ottawa and London and also a gala party for Canadian visitors who will be missing out on royal garden parties.

MOST BEAUTIFUL

The upshot is that Lancaster House, London's most beautiful town palace, and its splendid gardens, will be the setting for this year's Dominion Day reception.

It has been loaned by the British government through the kindness of the Rt. Hon. Hugh Molson, whose ministry (of works) looks after Lancaster House. He took particular interest in the idea because his father was Canadian born and a member of the Montreal brewing family.

HIGH SPIRITS

Mr. and Mrs. Drew are in high spirits at the prospect of this party. Dominion Day in recent years has been an endurance test. The 1,000 guests sometimes sat on the front steps or slipped out on the sidewalk because of the congection and heat inside Canada House.

No one has been able to offer a solution because Mr. Drew's residence in Upper Brook Street has no garden at all—unlike that of the American ambassador who can tuck

away thousands in the grounds of his Regent Park home on July 4. Indeed this impossible situation underscores once again how inadequate is the Brook Street house. Canada needs and ought to have an embassy residence twice as big and twice as lavish.

3,000 EXPECTED

The High Commissioner and Drew expect to welcome about 3,000 guests. The list will be distinguished for it embraces the diplomatic corps, the British government and well-known men and women both British and Canadian.

In recent years a notice in the social column of The Times and Daily Telegraph was the only invitation needed to Canada House for Dominion Day. That notice will run again this year. The grandeur of this party is intended also for Canadians living here in Britain.

NO PRECEDENT

I hope they come in droves. The British government is willing to go along with the celebration idea, what with the Royal Tour and so on, but we have been warned! This is not to be a precedent.

Lancaster House is used chiefly for important British government parties. But it was there the foreign ministers hammered out the agreement for German rearmament.

It has a spectacular double staircase and more red brocade, gilt mirrors and crystal chandeliers than one can remember.

When it was the Duchess of Sutherland's residence Queen Victoria remarked wistfully: "I will come from my house (Buckingham Palace) to visit your palace."

Meeting at 7:30 p.m., Thursday, when the Carne Rebekah Lodge No. 45 gather at the Odd Fellows Hall. Refreshments and the show will follow business.

Badges and rank awards were presented to girls who had completed the necessary requirements. Handicraft projects were won by Mrs. A. Thorne.

Royal Roads Chapter, IODE, will meet today at 8 p.m. in IODE headquarters.

Canadian Daughters, Assembly No. 5, held a successful coffee party recently convened by Mrs. V. Milburn. A cake, made by Mrs. R. Milburn, was won by Mrs. A. Thorne.

Sacred Heart Council, Catholic Women's League, will meet at 8 p.m. today in the parish hall.

Primrose Lodge, No. 32, Daughters of England, will meet at 7:30 p.m. in the Orange Hall on Thursday and will hold a penny fair after the business.

Sir James and Lady Douglas will meet Thursday at headquarters, 605 Courtney Street, at 2:15 p.m.

The LA to Army, Navy and Air Force Veterans, No. 12, will meet tomorrow at 8 p.m. in the club auditorium.

Daughters of St. George No. 238 will meet Friday in the K. of P. Hall. Officers practice at 7:30 p.m.

Dr. Clifford Carl, provincial museum curator, will address the St. Luke's Parish Guild meeting at 8:30 p.m. on Friday in the church hall. Films will be shown.

Esquimalt Chapter, IODE, will hold a luncheon June 12 from 11 a.m. to 1 p.m. in the Douglas Room. Mrs. R. Ross is general convener.

MR. and MRS. JAMES

James-Genge**Banff Chosen By Newlyweds**

Honeymooning in Banff are recent newlyweds Mr. and Mrs. John Harold James, married in a pretty ceremony in St. Mary's, Oak Bay, by the Rev. H. J. Jones.

Mrs. James is the former Joan Dorothaea, daughter of Mr. and Mrs. M. G. Genge, 1529 Monterey Avenue. Her groom's parents are Mr. and Mrs. R. P. James, 1030 St. Charles Street.

For the evening ceremony in the flower-filled church, Miss Genge chose a full-length gown of white satin brocade with a fully gathered skirt, fitted bodice and lily-point sleeves. Her tiara of net and pearly sequins matched the

Tuckey-Carlson

Of interest to Victoria is the recent wedding in Smithers, B.C., of Miss Bette-Marie Carlson, daughter of Mr. and Mrs. A. E. Carlson, Experimental Farm, Smithers, and former residents of Victoria.

Miss Carlson became the bride of Ralph Clifford Tuckey, son of Mr. and Mrs. C. A. Tuckey, of Southbank, B.C., in an afternoon ceremony in Smithers United Church.

Best man at the wedding was Mr. R. S. Coleman of Victoria. For the double-ring cere-

Christiaens-Smith

More than 200 guests attended the wedding party in the Golden Slipper following the marriage of Myrna Lois Smith and Carl A. Christiaens.

The popular Victoria couple were united by the Rev. Angus Cameron in St. Matthias Church.

Miss Smith is the daughter of Mr. and Mrs. Ivan C. Smith and her groom's parents, Mr. and Mrs. Maurice Christiaens reside in Kindersley, Sask.

In a setting of white roses, stocks and snapdragons, Miss Smith was given in marriage by her father.

For the ceremony, she wore an ankle-length gown of white French lace styled with Empire bodice and lily point.

Goudal-Robbins

A Vancouver wedding of interest in Victoria was solemnized recently when Donald Alice Robbins, daughter of Mrs. Ethel Robbins, 1147 Pendrell Street, Vancouver, became the bride of Mr. Vernon Cyril Goudal, son of Mr. and Mrs. Cyril Goudal, 1312 Stanley Avenue, Victoria.

The marriage took place in Redeemer Lutheran Church, Vancouver, with the Rev. A. A. Schweitzer officiating.

Mr. George Strange gave the bride in marriage. She wore a gown of white lace and tulle over satin, with lace jacket. Her veil fell from a lace cap.

Can They Be Sure?

STOCKHOLM—Anna Lund says she has been in love with composer Hugo Alfvén for 53 years, so it came as no surprise when he proposed. Alfvén, who wrote the popular "Swedish Rhapsody," is 87. Miss Lund is 70.

NOTICE

National Motors Ford Parts and Service Department Is the Largest on Vancouver Island—and Is Growing

Open Saturdays, 8:30 a.m. - 5 p.m.

PERSONAL MENTION

Lieut. E. J. Foston, RCN, and Mrs. Foston, with their daughter Wanda, will be leaving the city at the end of the month to take up residence in Halifax. Lieut. Foston has been Supply Officer at HMCS Naden, and will go to a new job in the Command Supply Office, Halifax.

Three-Month Trip

Leaving Sunday on a three-month trip overseas are sisters, Miss Alix Husband and Miss Vicki Husband. The two will fly from Vancouver to Amsterdam, then tour the continent before staying a month in Great Britain. The daughters of Mr. and Mrs. Harold Husband, Rutland Road, they will return to Victoria early in September.

Bridal Showers

Mrs. R. G. Robinson, the former Florence Leola Michell was feted at several showers prior to her recent marriage.

Mrs. Veda Michell entertained with a miscellaneous shower in honor of her sister-in-law. Co-hostesses were Margaret Wheeler and Beverly Thew, bridal attendants.

Another party was held for Miss Michell at the Logan Avenue home of her aunt, Mrs. J. Kinsman.

A decorated umbrella held the shower gifts at a party for Miss Michell. Hostess was Mrs. Vernon Michell with co-hostess Miss Heather Wishart.

Co-workers of Miss Michell at the B.C. Telephone's commercial office surprised her with a shower at the home of Mrs. P. Pezaz, Empire Street. Co-hostesses were the Misses Jackie Henderson and Deanna Pezaz.

Mrs. T. Ferris and Mrs. R. Way were co-hostesses at a miscellaneous shower given in honor of Miss Norma Wood at the Douglas Street home of Mrs. Ferris. The bride-elect, her mother, Mrs. F. Wood, and the groom's mother, Mrs. G. Hunter received carnation corsages.

Mrs. Maurice Michell and Mrs. Keith Wood were also co-hostesses at a shower in Miss Wood's honor given recently at the home of Mrs. Michell, East Saanich Road. Corsages were presented to the principals.

Prediction: Showers!

Recent bride Jane Slocombe whose marriage took place to Mr. Leslie Le Grant has been guest of honor at several parties given for her by friends. A novelty colonial bouquet of useful household articles highlighted gifts given her at a tea towel shower at the home of Mrs. H. J. Rucker, Cedar Hill Road.

Co-hostesses at a miscellaneous shower for Miss Slocombe were the Misses Elaine Clouston and Pat Keirs at the home of the bride's mother on Oakcrest Drive.

Mrs. G. B. Bishop and Mrs. W. Roe were hostesses at a party at the Oakcrest Drive home of the former.

Another miscellaneous shower was held for the bride-elect at the Pembroke Street home of Mrs. J. Van Hoeke with co-hostess Mrs. C. M. Waggett.

Mrs. A. Wells and Mrs. J. Campbell were joint hostesses at a linen shower at the home of the latter in honor of Miss Wells whose marriage takes place on June 6 to Mr. Richard Stratton.

Mr. and Mrs. John Dierckx announce the engagement of their daughter, Iris Norma, to Ronald John Darcus, son of Mr. S. John Darcus of Ladner, B.C., and the late Mrs. Darcus. The wedding will take place at 3 p.m. Saturday, June 27, in the Gorge Presbyterian Church.

Her attendants Miss Carol Sudhues of Vancouver wore pure silk organza in a soft aquamarine gown with a lace bodice and a bouquet of pink carnations and white stocks.

Honored

A life membership in the Local Council of Women was presented to Miss Lily M. Savory, Langford, at a recent meeting. The presentation by Mrs. B. Noel, which was followed by another honor, when Mrs. E. L. John gave Miss Savory the National Council of Women pin in recognition of years of service.

Her attendants Miss Roberta McKenzie and Miss Patricia Denney of Vancouver and flower girl Ann Satterfield were gowned in velvetine ballerina dresses in turquoise, blue and yellow respectively. They wore matching shoes and rhinestone tiaras and carried summer bouquets.

Best man was Mr. Robert King of Vancouver and ushering were Mr. Robert Hendy and Mr. Cliff Uren.

A guard of honor was formed by the Victoria Girls' Drill team as the newlyweds left the church.

**Fifty Happy Years**

One of Victoria's best-liked barbers before his retirement two years ago, William "Bill" Haslam will,

with his wife Clarissa, celebrate their golden wedding anniversary Monday. Open house to their many friends will be held in the Haslam home, 1001 Balmoral, Sunday, and they would like it if anybody wants to drop in to come from 3 to 5 p.m. or 7 to 10 p.m." The Haslams were married in Ottawa coming to Victoria in 1911. (Colonist photo.)

'Centres of Infection'

MONTREAL (CP) — Canada hospital nurseries may become centres of infection instead of sanitation, the Canadian Public Health Association was told Monday.

Margaret Finlayson of the Ontario health department told the annual meeting that a sharp increase in cases of infant enteritis since 1950 holds a warning for hospitals.

The disease, colloquially known as "summer complaint" once was a major problem in unsanitary rural areas and had a high mortality rate.

WORSE THAN REALIZED

"We suspect that hospitals are one of the main causes of the spread of infection."

June Weddings Not So Popular

VANCOUVER (CP) — If you're all set for a wedding this month, jewellers, florists and even the registrar of vital statistics have news for you.

The June wedding, they say, has become almost as dated as the buckled shoe.

Statistics show that the days when everyone and his finance planned a June wedding are over in British Columbia. Now they're getting married in September, October or May.

Why? Robert V. Mauris, B.C. registrar of vital statistics, says the reason is anyone's guess. But he confirms that September is becoming the most popular month.

A florist suggests people want to combine a honeymoon with their annual holidays which they prefer to take later than in the past.

A diamond merchant specifies that June is a bit too soon to make all the arrangements for a wedding.

He said September and October lead the parade for

Calgary Stampede Banff Tour

**Now—Movie Cameras that think For You!**

The Bell & Howell 319 Sunometer Movie Camera: —one of three simple-to-operate Sunometer 8mm movie cameras available. This particular camera is equipped with 10mm f/1.9 Super Comet lens. The Sunometer 333—3-lens turret camera is equipped with 10mm f/1.9 Super-Comet prime lens, 2½X (25mm) telephoto, and 6.5mm wide-angle auxiliary lenses. And the Sunometer 323 is equipped with 10mm f/2.3 lens. Now... here are the "plus" features that make these three Sunometer Cameras such a pleasure to own.

The exclusive Bell & Howell "Sunometer" tells you instantly and accurately how to set your Sunometer camera for any scene—indoors or out. Built right in. Nothing to slip off or lose. With simple dial settings for ASA film speeds from 10 to 40.

In addition:—The Sunometers all have the famous Bell & Howell picture-window viewfinder, No squinting—shows views for normal, wide-angle, and telephoto lenses. Three-Way Starting Button—locks to get you into the picture—single frames too. Fast Crank Rewind—10 ft. film run—exclusive swivel mount for easier positioning. Half and full f. stop settings for perfect colour movies. Before you invest in a movie camera—be sure to see the three Bell & Howell Sunometer Movie Cameras—sold at better photographic stores everywhere.

Ontario Opposition Asks:

Is Delay in Bribe Trial Part of Gas Scandal?

TORONTO (CP)—Ontario CCF Leader Donald C. MacDonald and Liberal Leader John Wintermeyer demanded Tuesday the provincial government make clear that a delay in a Kingston bribery trial is not because of the June 11 provincial election.

The trial of Arthur Mason, charged with attempting to bribe former mayor Frank Boyce with \$10,000 to obtain the natural gas franchise for Kingston, was put over Monday to the next county court sessions—probably in the fall—because the accused's name was absent from the docket of cases and he did not show up.

"If this case was manipu-

lated to keep natural gas off the front pages until after the election, then this is in keeping with the government handling of the natural gas scandal," Mr. MacDonald said.

Attorney-General Kelso Roberts said he had not acted in any way to delay the bribery case.

1/2 AWAKE NIGHTS
1/2 ASLEEP DAYS
Many people never seem to get a good night's rest. They toss and turn in bed—and then are dull and listless throughout the day. All of which may be due to a temporary toxic condition which calls for the use of Dodd's Kidney Pills. You can depend on Dodd's.

Healthy kidneys filter poisons and excess acids from the blood. If they slow down and impurities stay in the system, disturbed rest, tired feeling and backache often follow. If you don't rest well at night—if you haven't that sprightly step of health in the daytime—use Dodd's Kidney Pills. You can depend on Dodd's.

Patient Didn't Want Overnight Checkup

GREELEY, Colo. (AP)—A patient, forgotten in an examination room, needed police help to get out of a doctor's office after closing time Monday. The doctor and his nurse each thought the other had dismissed the patient. He called police from inside the locked office and patrolmen summoned the nurse, who opened the door. Officers didn't take the patient's name.

Negligence Trial Ordered

Husband Relives Hour of Crash When Wife Died

Leaning painfully on crutches, a Saanich man yesterday relived the final hour of May 16 which ended with the death of his 31-year-old wife in a two-car smash at Douglas and Cloverdale.

Harry Berreth, 1711 Mortimer, was giving evidence before Magistrate William Ostler in Saanich police court. Before the court was Glen Lageri, 1168 Caledonia, charged with criminal negligence in the operation of a motor vehicle.

Lageri was remanded by Magistrate Ostler for commitment at the preliminary hearing.

BEFORE MIDNIGHT

The accident happened just before midnight May 16. Mrs. Berreth was pronounced dead on arrival at St. Joseph's Hospital a few minutes later. Mr. Berreth, driver of the car, was also injured.

He told the court he and his wife had attended a square dance in Metchosin that evening. They left between 11:15 and 11:30 p.m. to go to a friend's home in Victoria for coffee.

"But we didn't get there," he said. "I remember the lights on the Island Highway at Burnside, but nothing after that."

AS THEY SAW IT

Other witnesses completed the story, as they saw it. Lloyd J. Loiselle, 3873 Swan Lake, told court he was driving south on Douglas behind a light-colored car which appeared about to turn left into Cloverdale.

Front wheels of this car were about half-way across the northbound half of Douglas, he said, when he saw a car coming north on Douglas almost on top of it.

"There was a terrific crash," he said. "The car turning was pushed back north and toward the east curb by the other."

TURNING LEFT

John Alexander Day, 625 Harbinger, was driving north on Douglas, he said. As he passed the church just south of Cloverdale, Mr. Day noticed a car ahead turning left.

Just then another car passed

Truck Loads Facing New Crackdown

Vancouver Island commercial truckers are due for a crackdown, a spokesman for the provincial transport department said yesterday.

A new government weighing station is planned in the Victoria area and a portable weighing device will be moved about the Island.

Some 30 weighing stations are planned for provincial highways, and it is hoped to raise \$28,000 annual revenue through a stepped-up program of rigid licensing and fee collection.

It is believed many truckers have avoided paying proper fees because there have not been enough checking stations.

Road Boss Backs Into Path of Bus

Highways department foreman Frank Bowes, 41, of 4510 Pachena, working by the roadside at Douglas and Tolmie, apparently stepped back into the path of an airline bus at 11 a.m. yesterday. Suffering face, head and neck injuries, he was rushed to St. Joseph's, where last evening he was reported "resting comfortably."

Herter Snaps

Red's Face Red

GENEVA (UPI) — U.S. State Secretary Christian Herter yesterday publicly rebuked the foreign minister of Communist East Germany to his face at a formal session of the East-West foreign ministers' conference that left both sides stalemated on Berlin.

Herter was joined by a West German adviser, Ambassador Wilhelm Grewe, who accused the East Germans of "mudslinging." The West threatened to introduce tape recordings of East German intrigues unless the denunciations stopped.

TOLD OFF

East German Foreign Minister Lothar Bolz, an adviser, offered an East German guarantee of "inviolability" to a "free city" of West Berlin if Allied troops pulled out.

Herter advised Bolz to read up on history before "proposing to instruct the Western powers regarding their rights in Berlin."

It was the first blunt Western attack on the East German delegation, and Bolz turned beet red.

SOVIET PROPOSALS

Russia Tuesday presented its already-known "alternative" proposals for Berlin, which would permit token Western and Russian forces in a "de-militarized" free city of West Berlin.

The West is firmly opposed to having any Soviet troops in the city, even as "token" forces.

'NOT CORRECT'

Gromyko said the Western powers considered the Soviets' "free city" proposal for West Berlin as a threat to their rights.

"But this interpretation is not correct," he declared. "We do not consider that the troops of the United States, Britain and France turned out to be in Berlin in some unlawful way."

'OUTDATED'

"The necessity to change the present situation in West Berlin is determined not by validity or invalidity of the Allied documents of 1944-45 relating to the occupation of Berlin but by the fact that the occupation itself has long become outdated, has assumed an artificial character and is in many ways poisoning the relations."

Nicaragua Somoza Cuts Imports

MANAGUA (AP) — President Luis Somoza Tuesday suspended all import licences in an economic move against his enemies in Nicaragua's business community. The military situation in this last Central American dictatorship was obscure.

Somoza's troops, one of the major sources of the 37-year-old president's power, were hunting down a small group of invaders who returned from exile in two separate planes from neighboring Costa Rica Sunday and Monday.

Somoza said the invaders will be wiped out soon.

Shingle Mill Fire Will Idle 75 Men

Damage caused by this fire at Smith Cedar Products Ltd. last night resulted in an immediate two-week shut-down of the plant putting 75 men out of work. Damage is expected to total thousands

of dollars, but accurate estimates could not be immediately determined.—(Colonist photo.)

Damage: 'Thousands'

Dry Kiln Fire Will Idle 75

Fire which swept through a shingle drying kiln at Smith Cedar Products Ltd., 651 Harbour Road, at 5:45 last night, caused a layoff of 75 employees for at least two weeks while damage is repaired.

Plant superintendent Douglass Blackstock said "it will be shut down indefinitely." He thought it would be "at least a couple of weeks" before the plant reopens.

He said damage from the fire will run into thousands of dollars, but the exact amount won't be known until the kiln is examined today and the number of cedar shingle bundles lost in the blaze is determined.

Firemen fought the smouldering blaze for four hours before finishing it off. They were delayed in reaching the heart of the fire by the long, narrow kiln's unusual structure of six-inch-thick roof and walls made up of two-by-six-inch boards placed side by side.

Flames crept between the two-by-sixes and firemen had to chop through at least one-third of the roof's 200-foot length to extinguish the many break-throughs.

An employee who was in a higher part of the mill when the fire started said, "We looked down and saw flames coming out the roof, then the fire alarm sounded and the automatic sprinkler system went on."

Weslie Papke who was working on the "green" (where unseasoned lumber goes in) end of the kiln said: "We ran out and grabbed the hoses. We opened the sliding door on the CNR loading platform and had pulled out the first burning truckload of shingles when the city firemen got here."

Party treasurer Dan Lang said: "We were away off in our budget for advertising. We took a calculated risk that didn't pay off."

Liberals Hit By Poverty In Ontario.

TORONTO (UPI) — The Ontario Liberal party has money problems.

Leader John Wintermeyer appealed yesterday for donations so candidates can carry on their campaign for the June 11 election. Until money comes in, the Liberals have cancelled nearly all newspaper, radio and TV advertising.

Party treasurer Dan Lang said: "We were away off in our budget for advertising. We took a calculated risk that didn't pay off."

\$200,000 Loss

Drifter Burns New School

REVELSTOKE, B.C. (UPI) — Fire destroyed the \$200,000 junior high school here Tuesday.

The fire, believed to have been started about 5:30 a.m. by a transient's cigarette, had a good hold on the interior of the brick building when volunteer firemen reached the scene.

They battled the blaze for six hours and only the brick shell remained when the fire was brought under control.

Fire Chief Sam Needham said the door of the school had been pried open and he believed a transient had broken into the building. He said the fire started in the main hall. He did not believe the blaze had been started intentionally.

The blaze left 250 children without classrooms. Arrangements are being made to use the civic auditorium and the auditorium of the elementary school to accommodate the junior high school students.

Chinese A-Bomb Blast Now Possible, U.S. Told

WASHINGTON (UPI) — Chairman Hubert H. Humphrey of the Senate disarmament sub-committee said yesterday he had information from a high scientific source that Red China could explode an atom bomb, possibly this fall.

However Sen. Henry M. Jackson said he did not believe the Chinese could scrape together enough atomic explosives.

Other atomic sources said Russia might be trying to panic the West.

Collision with Truck

Car Hurled Through Air, Four Unhurt

LADYSMITH—Police said Monday night a convertible car with the top down flew 128 feet through the air after being struck by a transport truck and none of the four persons in it was severely injured.

Half-Holiday May Mark Royal Visit

NANAIMO—Mayor Pete Maffeo may proclaim a public half-day holiday to mark the visit of the Queen next month.

He said he would "look into the matter" after hearing a letter from the Retail Merchants' Association.

They said a car driven by Edward Coleman of Honeymoon Bay was struck by an oil tractor-trailer on the highway two miles from Ladysmith.

The car flew through the air without turning over and landed on its wheels. The car, making a left turn, was struck on the driver's side and Mr. Coleman was pinned to the steering wheel.

The car and tractor were complete wrecks but police said none of the four persons required hospital treatment.

Minister's Absence Delays Duncan School Bylaw Vote

Shipping from Nanaimo Holds at High Level

NANAIMO—The port of Nanaimo is having an export boom.

Exports increased considerably during April and held the high rate last month.

Pulp export particularly showed a sharp increase during May. More than 13,000 tons of pulp left Nanaimo, 6,063,659 feet of lumber and 30,000 tons of iron ore.

Duncan Magistrate Scores B.C. Welfare

DUNCAN—The provincial welfare department here was scolded by Magistrate A. C. Sutton yesterday for "wasting public money."

They "give handouts" to "able-bodied men" with apparent unconcern, he said in police court.

"It is a scandal that a man on public charity goes and gets drunk with that money," he told Robert A. Macleod, 55, no fixed address, who pleaded guilty to a charge of being drunk Monday night in town.

The magistrate fined him \$10 and \$6.50 costs or one day in jail. Macleod was released by police right after court. His overnight stay in jail constituted the one-day sentence.

Police said he was picked

Gas Prices Probe Set In Nanaimo

NANAIMO—Complaints about gas prices in Nanaimo will be studied by city council.

About 100 domestic gas consumers, headed by L. F. Spearling, will complain to the Public Utilities Commission about alleged high prices being paid for gas in Nanaimo.

They asked city council's support to get prices lowered.

Duncan PPCLI Rally To Be Annual Affair

DUNCAN—First meeting of the Princess Patricia's Canadian Light Infantry here Saturday will not be the last.

More than 60 "ex-Pats" living on Vancouver Island at-

Duncan to Ban Street Unloading

DUNCAN—Trucks double-parking to unload goods for city stores will soon be illegal.

City council instructed clerk Gordon Berry to prepare a by-law that would prohibit the use of city streets for unloading.

He was a member of the band which played on Aug. 22, 1914, when Princess Patricia presented the first colors to the regiment on the eve of their departure from Valcartier, prior to when the battalion left for overseas.

He's Rooting for an Outsider

Rooting for outsider Salute II in the Irish sweepstakes on today's Epsom Derby in England is Gurdie Singh Bains, 22, sawmill worker at Mesachie Lake. The only Island ticket holder plans to bring some relatives to Canada if he wins. (Colonist photo by Charles Thompson.)

DUNCAN—City dogs have come to the aid of the Society for the Prevention of Cruelty to Animals—by making a nuisance of themselves.

Council declared "war" on them last month and decided to enforce their "leash law" which seemed to have an effect for a while.

But because they have again become an "irritation" to city council they have caused the council to decide to hold a meeting with SPCA officials.

At the city council meeting Monday it was indicated the meeting could result in the society "taking over the situation" for a trial period.

In return council will entertain the idea that the society

receive any money they collect as dog license fees.

"It's something we've been working towards for a couple of years," commented SPCA secretary Frances McKinnon, Menzies Road, last night.

Last week the Cowichan branch of the SPCA launched a campaign to raise \$7,500 to build a home for a full-time paid employee and a dog pound on one property.

Oslo, capital of Norway, was long known as Christians and began as a settlement in 1047.

Infield Flies Bug Wilhelm

CHICAGO (UPI)—Bugs, not the batters, got to Hoyt Wilhelm of the Baltimore Orioles last night in the first inning of the game with the Chicago White Sox.

Wilhelm was facing Nellie Fox of the Sox. Wilhelm called time.

Gnats were bothering him on the pitcher's mound; he said.

Orioles coach Al Vincent launched an assault on the gnats, waving a towel vigorously in an effort to dislodge them. Wilhelm resumed pitching.

He walked Fox and then complained of the gnats again.

The White Sox produced two runs of gnats insects and a bat boy and an umpire advanced to the mound and

unleashed the bug killer. Trainer Eddie Weidner applied insect repellent to Wilhelm.

The game was resumed again, but Wilhelm once again complained and retired to the dugout.

The umpires stalked from the field and returned with bunches of newspaper, which they rolled and ignited as fireworks.

torches. Groundsmen swept up the charred paper. A Sox care-taker carefully sprayed the air over the mound with a hand insecticide sprayer.

In an all-out assault, management finally called three of its "munitions experts" from the center field bullpen, who are retained by owner Bill Veck to handle post-game won, 3-2.

The "munitions men" constructed a frame on the pitchers mound and, while the ball-players and umpires scattered, they ignited a smoke bomb.

When the air cleared, the "munitions men" retired to the bullpen, Wilhelm returned to the mound and the game resumed, 16 minutes later.

Wilhelm and the Orioles won, 3-2.

AT THE 19th

With Harry Young

Although only one-third of the schedule has been completed, it looks as if the new Victoria Inter-Club League is going to produce a keen struggle up to the last match.

Coldwood and Gorge are shaping up as the two better balanced sides, but the young Victoria side is showing that it is capable of throwing spanner into the works, as they did on Monday evening when the strongly favored Gorge team was a trifle lucky to get away with a 5-4 defeat.

So far Uplands has not managed to break through, largely because they lack a leader at the top and it was Claude Legrie and Joe Briggs that gave them the three points against Coldwood that stopped what looked like a rout for the Langford boys.

The big event next Monday should be the meeting of Gorge and Coldwood at the former course. Gorge with 12 points are one behind their rivals, and with their final game at Coldwood, they will want to pile up a lead while they have home advantage.

Already the players with the maximum of four points has been winnowed down to four, and of these three come from Colwood—Kerr, Clarkson and Andrews—with the fourth John Merriman representing Gorge.

Other 100 per cent are Ralph Cossey of Victoria, Ron Cus of Gorge and Don Ross of Colwood, but they have played only one of the matches.

In the Gorge-Victoria game on Monday, the short 13th was a happy one for the Gorge visitors. No less than four of the six had birdie twos on that hole—Donaldson, McColl, Wakeham and Painter.

This looks like a grueling weekend for Victoria junior golfers.

On Saturday at Royal Colwood they will be taking part in the 36-hole Victoria Junior Championship, and then Sunday some of them will have another 36 holes to play at Gorge Vale in the first two rounds of the Victoria City Championship. With Bill Wakeham and other promising youngsters around it is quite a possibility that this year the junior and senior titles could be won by the same person.

However, for the city title—the year to be played over 54 instead of 72 holes—the favorite is Laurie Kerr. The B.C. Close champion, and only Vancouver Island member of last year's Willingdon Cup team, Laurie is at present playing top class golf, and is probably the most consistent player on the Island.

In the Inter-Club League he has played under par to beat such sterling opponents as Laurie Carroll and Frank Scroggs.

Wakeham, as Island match-play champion will have to be considered for he is a grand competitor under pressure.

Others who are at present in good form are Johnnie Merriman, Vince Clarkson and George Andrews.

Four boys out of 89 who entered have qualified for the final of the Victoria District Junior Golf Development competition to be played at Victoria Golf Club Thursday evening.

They are the pupils from the tuition classes at the Uplands, Gorge, Victoria and Colwood courses and they are playing for a magnificent set of prizes presented by the Hudson's Bay Company.

The boys will play in two groups. There will be one competition over 18 holes for the advanced group. This includes all boys who had played golf before taking the district course of lessons.

The other group is for beginners, and they will play over nine holes on a non-handicap basis. The advanced group will play for their club handicaps.

The competition marks the close of a tuition program that attracted more than 200 boys from the district high schools. Part of the B.C. Golf Association development program, it has been held as one of the most successful of its type ever to have been held in the west.

Contributing largely to the success of the program have been the local professionals and leading amateurs who have given unstintingly their time and efforts to interest youth in the game.

Special mention is due Gordon Pellow, Vic Painter, Orville Fox, Mickey Bartkow, Dick Baisa and Leo Derman for a job well done.

Lefthander George Sparling advanced into the final of the Victoria "A" club championship last weekend with a semi-final win over Collin Rutherford.

In the other semi-final Allan Taylor, son of the former Victoria professional meets Jim Barry.

Barry is the only former winner of the title left in the competition.

In the "B" championship Bill Munro meets Neils Mooney and Tommy Moulds meet Ernie Watt.

L.B. Williams of Victoria Golf Club shot 80, and won second gross prize in the B.C. Bond Dealers annual match at Capilano Saturday. Winner was Jack Edgell, who scored 75.

Winner of the "B" class championship at Uplands May 31 was R. Macmurchie. He carded 84, which with his handicap of 19, gave him a net 64. Runner-up was H. B. Forrester 87-29-67 and tying for third place were K. McKay 84-16-68 and C. J. Robertson 87-19-68.

My namesake—no relative—Harry Young is busy these days preparing the "green" at the Central High School for the Gyro annual hole-in-one contest. This year it is being held July 13.

Some Beefs, Too

West Brom Has Praise

VANCOUVER (CP)—"Your team could give any in the English First Division a good showing," said West Bromwich Albion player after British Columbia all-stars took a 3-2 victory over the touring

International inside-forward Derek Kevan blamed the defeat on over-long plays by West Bromwich. But he said the B.C. team "gave us a fair go, and deserved to win."

Other players complained the B.C. team was rough.

"They may let the ball go by, but they never let the man go by," said inside-forward Dave Burnside. Halfback Charles Drury described the B.C. players as "tricky trippers" and "tough tacklers."

West Bromwich manager Vic Buckingham denied suggestions the game was rough, but said it was "hard, by our standards." He said the B.C. team "played with more desire

than ours." But he had no complaints and no excuses.

Keith Smith, who watched the game from the sidelines as a West Bromwich substitute, gave much of the credit to B.C. goalie Ken Pearce.

"He could play on any first division team," said Smith.

Solution in Sight

Hiring Authorized For Juvenile Home

HOWARD ELKINGTON

... lost footing

Committee's First Job To Reopen Institution

A solution to the storm-provoking problem of reopening Greater Victoria's juvenile detention home appeared last night to have been reached.

At a comparatively peaceful meeting, the intermunicipal committee authorized the juvenile home committee to hire replacements for Lt.-Col. and Mrs. W. S. Dingley.

The home committee planned immediately to engage its first choice among about 20 couples who applied.

NO ACRIMONY

A ceremony was expected at the meeting. Ald. Geoffrey Edgeland had criticized Ald. Lily Wilson, chairman of the home committee, over "the secrecy which has shrouded whatever remedial action was being taken."

Ald. Wilson, in a report de-

livered Monday to the intermunicipal committee, referred to Ald. Edgeland's "uninformed, wild statements" and said the intermunicipal committee had stripped the detention home committee of authority.

APOLOGY ACCEPTED

But yesterday she asked the meeting to ignore that part of the report. Ald. Edgeland had apologized, she said, and she had accepted his apology.

Reeve George Murdoch of Oak Bay said the meeting's concern was to get the home open again.

Ald. Wilson said that what she wanted was a unified juvenile court, a new detention home with proper personnel and facilities for security and segregation and a Greater Victoria committee with power to act.

TWO HOURS

Debate in the next two hours brought out these points:

A draft agreement which would give the home committee powers to manage the home and hire and fire personnel was accepted last summer by Esquimalt and Victoria, but not Saanich and Oak Bay.

The home committee therefore believed it had no power to engage replacements for the Dingleys, but had decided "late in the game" in May to assume power and seek confirmation later — but then wanted the intermunicipal committee to be responsible when it became apparent higher costs were involved.

PLANS ORDERED

The intermunicipal committee had acted on the home committee's earlier request for provision of an adequate new home. A delegation had seen the attorney-general about possibility of help and had ordered rough plans drawn up.

Ald. Edgeland proposed that the home committee be authorized to hire new superintendents, but the possibility of a new home being built sidetracked the discussion for a time.

All the applicants wanted some security for "children who are vicious," Ald. Wilson said. Some of the juveniles were "hoodlums with spring knives."

WHY NOT JAIL?

Acting Mayor Arthur Dowell wanted to know why the hoodlum types weren't kept in jail. Coun. Alan Cox of Oak Bay explained that a judge's order had to be obtained to jail a child, and the worst ones often came in at 4 a.m.

Ald. Edgeland said he couldn't believe they couldn't be held until morning.

Reeve Murdoch said any police officer who hadn't searched a juvenile brought into the home should be summarily dismissed.

MORE THAN COOKIES

"The juvenile officers are very good," Ald. Wilson told him. "They take away things like bike chains with handles. Unfortunately some of the kids have parents who bring things in. I assure you it's not only jam and cookies they bring to the kids. Not only weapons but bottles of whisky to the poor little teen-agers."

Reeve Murdoch said that was the fault of the superintendent, but Ald. Wilson said parents had brought things in concealed in their clothes, or tied them to the ends of strings to be hauled through the windows.

COULD BE CHARGED

"Well, they could be charged with contributing to juvenile delinquency," Reeve Murdoch said.

Reeve Murdoch suggested the home committee could be dispensed with and the home run by the intermunicipal committee.

Esquimalt Coun. G. K. Samson proposed that with this suggestion in mind, the new superintendents be hired on a temporary basis.

The meeting agreed that for the first six months the persons appointed would be on probation anyway.

He told of incidents in which ground observers had touched off immediate action with reports of aircraft in distress.

The system is in effect from Newfoundland to Sea Island, B.C., but the West Coast unit by far the most active, the speaker said. Because of the

Twenty-One Guns for Coronation Anniversary

Booming guns at Work Point like this one fired by Gnr. Carl Gustafson, left, Gnr. Danny Crabbe, centre, and Sgt. Ranjit S. Azad marked the sixth anniversary yesterday of the coronation of Queen Elizabeth.

The 21-gun salute was fired by members of the 5th (B.C.) Independent Medium Battery, Royal Canadian Artillery. — (Colonist photo.)

63 Feet to Floor

Worker Falls, Badly Hurt

Howard Elkington, 28-year-old construction worker, was gravely injured in a 63-foot fall at HMC Dockyard yesterday morning.

Elkington was working on a scaffold cleaning paint from the windows of the new naval ordnance building when he lost his footing and plunged to the concrete floor.

He was taken to St. Joseph's Hospital with multiple fractures and late last night was still unconscious and in fair condition.

Elkington works as a laborer for Commonwealth Construction Company. He started work at 8 a.m. and about an hour later another workman in the building saw Elkington fall and "flip over twice on the way down."

His injuries include a fractured right thigh, right elbow, and nose, concussion, a severe cut over the right eye, and a possibly fractured pelvis.

Elkington makes his home with his brother-in-law and sister, Mr. and Mrs. Constant Praud, 438 Dallas. His parents live at Oak Lake, Manitoba.

Another Holiday Request

Greater Victoria intermunicipal committee yesterday recommended that July 17 be proclaimed a civic holiday for the royal visit.

Previously the royal visit committee recommended a holiday.

It also voted — or at least was taken as voting — in favor of the Greater Victoria municipalities splitting the cost of preparing for the visit on a population basis.

Committee members were

and only Ald. Geoffrey Edgeland voted "aye," but no one voted nay.

The cost will include an estimated \$150 for illuminating the water tower off Rockland, with a flag surmounting it.

Merchants Protest Two-Price Charge

Two Government Street merchants yesterday rallied round a red flag waved by a Chamber of Commerce official and protested against charges that some merchants have two prices — one for tourists and one for Victoria residents.

Both men assumed that William Laudrum, chairman of the chamber's tourist trade group, was referring to Government Street stores when he said the double price standard exists in some local stores.

There was no street mentioned by Mr. Laudrum as he was reported in the Colonist yesterday.

RECOVER CAPITAL

Frank Porter, proprietor of the Indian Craft Shoppe, pointed out that possibly the "double standard" complaints stemmed from sales of high-quality merchandise in local stores on a consignment basis by importers who sell cheap to recover their capital.

The store advertises \$8 sweaters for, say, \$3.95, and the importer takes the loss, he said. "Immediately John Doe in Oak Bay or Esquimalt thinks the stores are cutting prices and have two prices."

Lionel Tashjian, of Persian Arts and Crafts, admitted

Blitz Nets \$18,145

Monday night's porchlight blitz for the Queen Alexandra Solarium had netted \$18,145 up to last night and there is more to come. Campaign chairman, Mrs. Doreen Eade, 411 Walter, said yesterday she expects close to \$20,000 when all donations are counted by tomorrow night.

Bennett Bound For Ottawa

Premier Bennett and his financial advisers will go to Ottawa July 6 for a federal-provincial meeting of finance ministers.

Duncan Sand Filter Checked

Checking the intake to the city of Duncan waterworks sand filtering system are Arthur LeQuesne, left, and city engineer Russell Potter. The \$60,000 sand filter has been in operation for about two weeks. — (Colonist photo by Charles Thompson.)

Coast Guard Outclassed

Rescue Services Best Right Now

PORT ALBERNI—Facilities for search and rescue in Canada are far superior to those which could be provided by a regular coast guard, according to FO V. R. Gunn, flight control officer of Comox RCAF Station.

Addressing a meeting in the officers' mess here, he said the RCAF search and rescue unit, integrated with police, ground observer corps, tugboat services and the commercial fishing fleet, gives a service better than any in the United States.

Air, ground and marine mishaps are all within the scope of the integrated service, FO Gunn said.

IMMEDIATE ACTION

He told of incidents in which ground observers had touched off immediate action with reports of aircraft in distress.

The system is in effect from Newfoundland to Sea Island, B.C., but the West Coast unit by far the most active, the speaker said. Because of the

number of small commercial vessels and pleasure craft plying the Pacific coast and because of the popularity of mountain-climbing in B.C. there are many calls for the service.

FO Gunn, giving details of assistance given by Alpine clubs, commanded the local mountain rescue squad for its contribution to rescue work in this district.

Ucluelet Cyclist Killed

UCLUELET—Fraser Schick, 11, was struck and killed by an oil truck as he was riding to school Tuesday on his bicycle. The victim was the son of Mr. and Mrs. George Schick of near Kennedy Lake.

NORTH PENDER ISLAND—First ham and bacon shoot of the Penders Game Club was held at the new clubhouse site here recently.

Prize winners were Douglas Graham, Ed Lee, Allen Stewart, Harry Auchterlonie, Bert Brackett, Wally Bradley, Gordon Scarfe, John Scobie, Stan Robson, Punch Robson, Will Mollison, Jim Mollison and Bob Mollison.

Diefenbaker Warns Municipal Leaders

DON'T FORGET TAXPAYERS

Herter Snaps

Red's Face Red

GENEVA (UPI) — U.S. State Secretary Christian Herter yesterday publicly rebuked the foreign minister of Communist East Germany to his face at a formal session of the East-West foreign ministers' conference that left both sides stalemated on Berlin.

Herter was joined by a West German adviser, Ambassador Wilhelm Grewe, who accused the East Germans of "mudslinging." The West threatened to introduce tape recordings of East German intrigues unless the denunciations stopped.

TOLD OFF

East German Foreign Minister Lothar Bolz, an adviser, offered an East German guarantee of "inviolability" to a "free city" of West Berlin if Allied troops pulled out.

Herter advised Bolz to read up on history before "proposing to instruct the Western powers regarding their rights in Berlin."

It was the first blunt Western attack on the East German delegation, and Bolz turned red.

SOVIET PROPOSALS

Russia Tuesday presented its already-known "alternative" proposals for Berlin, which would permit token Western and Russian forces in a "demilitarized" free city of West Berlin.

The West is firmly opposed to having any Soviet troops in the city, even as "token" forces.

NOT CORRECT

Gromyko said the Western powers considered the Soviets' "free city" proposal for West Berlin as a threat to their rights.

"But this interpretation is not correct," he declared. "We do not consider that the troops of the United States, Britain and France turned out to be in Berlin in some unlawful way."

"OUTDATED"

"The necessity to change the present situation in West Berlin is determined not by validity or invalidity of the Allied documents of 1944-45 relating to the occupation of Berlin but by the fact that the occupation itself has long become outdated, has assumed an artificial character and is in many ways poisoning the relations."

Nicaragua

Somoza Cuts Imports

MANAGUA. Nicaragua (UPI) — President Luis Somoza Tuesday suspended all import licences in an economic move against his enemies in Nicaragua's business community. The military situation in this last Central American dictatorship was obscure.

Somoza's troops, one of the major sources of the 37-year-old president's power, were hunting down a small group of invaders who returned from exile in two separate planes from neighboring Costa Rica Sunday and Monday.

Somoza said the invaders will be wiped out soon.

Firemen, Workers Battle Stubborn Shingle Blaze

Damage caused by this fire at Smith Cedar Products Ltd. last night resulted in an immediate two-week shut-down of the plant putting 75 men out of work. Damage is expected to total thousands

of dollars, but accurate estimates could not be immediately determined.—(Colonist photo.)

Damage: 'Thousands'

Dry Kiln Fire Will Idle 75

Fire which swept through a shingle drying kiln at Smith Cedar Products Ltd., 651 Harbour Road, at 5:45 last night, caused a layoff of 75 employees for at least two weeks while damage is repaired.

Plant superintendent Douglas Blackstock said "it will be shut down indefinitely." He thought it would be "at least a couple of weeks" before the plant reopens.

NO ESTIMATE

He said damage from the fire will run into thousands of dollars, but the exact amount won't be known until the kiln is examined today and the number of cedar shingle bundles lost in the blaze is determined.

Fireright kept the door closed at the green end of the kiln until they had the fire well enough under control to open it without risking a flare-up that might have spread to two adjacent kilns. Then, firemen began emptying trucks from that end of the kiln.

Fireright president H. A. Smith said he had "no idea" how long it will take to repair the damage. He said it was covered by insurance.

THROUGH ROOF

Flames crept between the two-by-sixes and firemen had to chop through at least one-third of the roof's 200-foot length to extinguish the many break-throughs.

An employee who was in a higher part of the mill when the fire started said, "We looked down and saw flames coming out the roof, then the fire alarm sounded and the automatic sprinkler system went on."

GRABBED HOSES

Weslie Papke who was working on the "green" (where unseasoned lumber goes in) end of the kiln said: "We ran out and grabbed the hoses. We opened the sliding door on the CNR loading platform and had pulled out the first burning truckload of

Liberals Hit By Poverty In Ontario

Leader John Wintermeyer appealed yesterday for donations so candidates can carry on their campaign for the June 11 election. Until money comes in, the Liberals have cancelled nearly all newspaper, radio and TV advertising.

Party treasurer Dan Lang said: "We were away off in our budget for advertising. We took a calculated risk that didn't pay off."

WASHINGTON (UPI) — Chairman Hubert H. Humphrey of the Senate disarmament sub-committee said yesterday he had information from a high scientific source that Red China could explode an atom bomb, possibly this fall.

However, Sen. Henry M. Jackson said he did not believe the Chinese could scrape together enough atomic explosives.

Other atomic experts said Russia might be trying to

\$200,000 Loss

Drifter Burns New School

Matches To Burn Kamloops

REVELSTOKE, B.C. (UPI) — Fire destroyed the \$200,000 junior high school here Tuesday.

The fire, believed to have been started about 5:30 a.m. by a transient's cigarette, had a good hold on the interior of the brick building when volunteer firemen reached the scene.

They battled the blaze for six hours and only the brick shell remained when the fire was brought under control.

Fire Chief Sam Needham said the door of the school had been pried open and he believed a transient had broken into the building. He said the fire started in the main hall. He did not believe the blaze had been started intentionally.

The blaze left 250 children without classrooms. Arrangements are being made to use the civic auditorium and the auditorium of the elementary school to accommodate the junior high school students.

KAMLOOPS (CP) — Fire Chief Tom Slater said Tuesday more than 200 boxes of matches stolen from a truck have been turned in by children or found on the ground within a quarter-mile of the fire which cut off phones of 1,200 homes Sunday.

"The kids had enough matches to burn down the whole of Kamloops," the fire chief said.

He said he had evidence to suggest who was responsible for the fire which destroyed a private garage and burned overheard wires.

CHINESE A-BOMB BLAST NOW POSSIBLE, U.S. TOLD

Elvis Ailing In Tonsils

(Page 24)

WASHINGTON (UPI) — Chairman Hubert H. Humphrey of the Senate disarmament sub-committee said yesterday he had information from a high scientific source that Red China could explode an atom bomb, possibly this fall.

However, Sen. Henry M. Jackson said he did not believe the Chinese could scrape together enough atomic explosives.

Other atomic experts said Russia might be trying to

panic the West.

Increased Aid Must Wait

NORTH BAY, Ont. (CP) — Prime Minister Diefenbaker indicated to Canada's municipal leaders Tuesday night they will have to bide their time in their search for increased financial aid from the central government.

"We all realize that there is only one taxpayer—the public—that no advancement can be

(See earlier stories, Page 23.)

made in this country except through taxation and only one person pays for these things," he said.

ALL HAVE PROBLEMS

"All of us have problems. You in the municipal field find yourselves in that paradoxical situation . . . of finding ways of meeting financial responsibilities that could not have been contemplated 20 years ago."

The prime minister said the problems of municipalities become ever greater, and he outlined federal projects such as the winter works incentive program, welfare and housing assistance being given them by the federal government.

NO NEW MEASURES

But he announced no new measures for federal assistance.

He said he knows and recognizes their difficulties, "with their increased borrowings and increased interest rates, but a heavy share of the same burden has fallen on the federal government."

PACKED ARENA

Mr. Diefenbaker addressed a packed Memorial Arena audience here where the Canadian Federation of Mayors and municipalities is holding its annual convention.

He said the entire fiscal problem of all levels of government will be studied at the July 6 Ottawa conference of federal and provincial finance ministers.

OUT OF DEBT

The federation has long sought the convening of a federal-provincial-municipal conference. President H. G. R. Mews, mayor of St. John's, Nfld., said earlier in the convention such a conference must be called soon if municipalities are to begin climbing out of debt and meeting growing demands for services.

Job Insurance Battle

Opposition Raps Tory 'Steamroller'

Singapore Attains Freedom

Ottawa (CP) — Government proposals to expand unemployment insurance coverage and increase costs to workers and employers are shaping into the biggest parliamentary battle of this session.

After sitting of the Commons industrial relations committee has exploded into verbal crossfire with veteran Paul Martin (L. Essex, Eng.) leading the fray against the Progressive Conservative bill.

Chairman R. Hardy Small drew new opposition outbreaks Tuesday as he demanded that the committee, which has been meeting mornings, also hold afternoon sessions.

In the hubbub that ensued, CCF House Leader Hazel Argue cried "steamroller" and Alexis Caron (L. Hull) charged the Conservatives were trying to muzzle the Liberals. Conservatives said the Liberals were shedding "crocodile tears."

British officials now will leave the government and only defence and foreign affairs will remain in British hands.
